Hello, I am a USMC veteran living in district 4. Advocating to save a service that is expected to close in June. I'm writing today because the county funded non-profit organization Courage to Call is vital to our service members, veterans and their families—it's something we can't afford to lose. This program offers free mental health care, peer support, family support, LGBTQ+ support groups, and hosts a food market that helps more than 100 families twice a month. What sets Courage to Call apart is that these are preventative services—actively working to prevent food insecurity, reduce suicide risk, and connect people with housing help before things get worse. We partner with Veterans Treatment Court, the Military Diversion Program, SDVC and many other partners throughout the county. By keeping Courage to Call going, we're making sure service members, veterans and their families have the support they need, when they need it. Let's make sure this lifeline stays strong. Thank you.
