There is no emergency. Stop this. We know the funds you are receiving for extending the EA. It is beyond silly at this poin.

Time to give back the keys to the Covid-power castle. The 'emergency' is long OVER. End teleconferencing. Ethical politicians hand power back at the earliest opportunity - not drag it out going into year three.

P.S. - Show up on time, and stay for the WHOLE meeting (there are only 4 a month.)

It is evident the BOS members have been living their lives freely post "pandemic". it is time to show up in person and face your constituents. Chances are the televised meetings are no longer because of the "pandemic" but because the people see through you and are tired of this power game. its over. Do your job, be accountable to the public. We pay you to be our public servants. Remember, you are an American.

All of the county's health data PRODUCED BY THIS BOARD shows a clear end to a state of emergency that was manufactured in the first place. End the authorization to have continued teleconferenced public meetings. We pay for you to do your job. In Person. End this charade and be present to the constituents you are supposed to represent.
