More and more government and corporations infringing on healthcare.

Disappointing that the Board Letter does not go into the pros and cons of United Behavioral Health (Optum 's) performance. So I checked it out for you. Optum is a UnitedHealthCare subsidiary.

Patients and clinicians report significant issues, including delayed claims, strict, and intensive pre-payment reviews, which restrict patient care.

From a patient: "Optum is the epitome of dystopian healthcare-Just had to go 5 days without an antidepressant since they insist on mailing me scripts despite living only a short walk from a neighborhood pharma. Be sure that, whenever optum is mentioned at your corp, or whenever you speak to someone from Optum, you tell them how awful they are."

From an insider: "Optum took over and implemented entire systems changes coupled with ineffective and cold management. This directly hindered employee performance and impacted quality of client care."

DO REVIEW – do not renew.
