---

Good Afternoon, Supervisors,

The proposed amendment Looks good except for one minor detail. I would remove subsection (b)(6) (Activities that alter the property, including but not limited to digging, removing vegetation and building structures, in a manner that damages, impairs, or interferes with the function of the property, or creates a threat to public health or safety.)

It could criminalize kids playing around or digging small holes, and is too subject to interpretation.

County Counsel needs to define this better - I think that substituting 'and creates a threat' vice 'or creates a threat' would be a vast improvement.

Regards,

Paul Henkin
