It would be nice if this were pulled so that people could speak at length about the candidates.

These are matter of Public interest. Sole-Source Contract, with their potential for fraud, Ordinances (both 1st and 2nd readings) and appointments should be in the DISCUSSION section, not buried in consent with a number of other items competing for time and attention. And the reason for including 2nd readings in discussion is that in a true democracy, it's important to include everyone's reactions, even after the first reading in order to get every potential solution or idea to make things better.

This is not a one way street where your opinion is automatically the best. In fact, history tells us otherwise.
