For some reason, these are buried in other documents – a disservice to the public.

Element Charter, North Coast Transit, and San Marcos Schools – these ones look good.

GROSSMONT UNION HIGH SCHOOL DISTRICT – Exempting the chief of staff from reporting conflicts of interest is wrong. And filing the COI statements with the State instead of the County just for some positions seems calculated to make research a bit harder. This one is not good.

LA MESA/SPRING VALLEY SCHOOLS – The business director should report real estate investments and income from manufacturers of supplies, books, and equipment, category 2. Principals and managers should not be exempted either. Not good.

Lemon Grove Schools – not sure why contractors which are engaged in work or services of the type used by the district are only reportable if they've done work in the last two years, rather than the entire tenure of the official. Not good.

So 3 good to go and 3 need to be modified.
