"The County continues to ensure that the diverse voices of the community can be heard in an equitable and civilized manner, and as such, can provide input that is vital to a healthy democratic institution."

Not mentioned, the behavior of supervisors should not: threaten, insult, name call, challenge to meet in the hallway - the public speakers in opposition of the views and personal opinions of the supervisors.

Also, not mentioned: clapping, cheering, interruptions should be addressed equally [or your preferred term: equitably] no matter which "group" is not in accordance with the rules.

Looks OK except I hope that if it needs to, the County will go a bit further than SB707 and describe what good faith actions it took to restore communications in the event of a disruption, and maybe even what caused the disruption.
