The CDC has removed all restrictions. There has never been an actual emergency. Why not use these funds to help our growing homeless populations, made worse by county policies which hurt all San Diegans and continue to negatively affect our most vulnerable communities. I oppose the continued promotion of the fake emergency.

There's no emergency for covid/monkey pox. The only emergency is medical negligence for the vaccine injured and get rid of the corrupted murderers such as all BOS and any medical professional carrying out these crimes against humanity!!
