Bancroft Drive NEEDS help! The flood water need proper drainage! Unsure if they don't know but this area is the line for both Supervisors that's another problem Bancroft needs serious help! Aguirre and Steppe need to come together for Spring Valley!

### Pat Sexton

Location: 91977, Spring Valley  
Submitted At: 10:11am 01-28-26

ITEM 5: The entire "overview" talks about Spring Valley, and \$15,900.752 in Grants. Quarry Rd., has flood

problems every time it rains, where the creek runs across it, and in 2024 the Camper sales property had campers floating around, and there's no mention of getting a bridge or large underground pipe in place. However, the bulk of the money and #1 wants to allocate \$12.5M to TJ River Valley. Why is the bulk of the money going to do the work MX, and the US Federal Government supposed to take care of? MX and the Federal government caused this mess, not the SD County tax payers, especially since the Board got the money by pleading for help for Spring Valley. There is no mention in the overview of anyone else getting the money. Seems to be a "bait and switch" tactic to me. I suggest the Board of Supervisors, split that \$15M, 50/50 between Spring Valley and TJ River Valley. I oppose anything, but a 50/50 split of the money.

Please approve

**Neal Svalstad**

Location: 91941  
Submitted At: 5:26pm 01-27-26

I am registering my support for Item 5. It is essential deliver long-awaited relief to the Casa De Oro corridor and other areas of Spring Valley to remedy safety and property loss risks to residents, businesses and the overall community that will continue to arise due to under-sized and improperly specified/equipped flood control and storm channel infrastructure.

**Nadia Skop**

Location: 91977, Spring Valley  
Submitted At: 4:29pm 01-27-26

These flood waters have to be stopped! Sloppy drainage system has caused our church to flood three times already! Sick and tired of County blaming the school above us, the school above us pointing fingers at the County. Do something already! You are here to represent US, not the other way around....

**Ami Adkins**

Location: 92020, El cajon  
Submitted At: 4:17pm 01-27-26

I support this

**Tamara vela**

Location: 91978, Spring valley  
Submitted At: 3:59pm 01-27-26

I support Item 5. The Campo Road business and residential corridor through Casa de Oro needs long-term flood control and storm channel improvements. Please adopt this resolution and pursue grant funding for the Spring Valley projects outlined in Item 5."

**Richard SMITH**

Location: 91977, SPRING VALLEY  
Submitted At: 2:50pm 01-27-26

Casa de Oro Flood Control project is a much needed project. I have been a business tenant on Campo Road since 1989 and have been flooded out about five different times. Please help us keep our businesses open and dry.

Richard F. Smith Jr., President, Quality Tax and Financial Services Inc

**Terri Houska**

Location: 91977, Spring Valley  
Submitted At: 1:46pm 01-27-26

I absolutely support flood control and request you pursue grant funding. Thank you.

**Z Y**

Location: 91977, Spring Valley  
Submitted At: 1:17pm 01-27-26

The area to the East of multiple homes on our street floods. The street above us has a storm drain that is labeled which directs the water flow. This needs to be addressed, along with upgrades to the infrastructure in the surrounding area.

**Sam Frank**

Location: 91977  
Submitted At: 12:30pm 01-27-26

Please make culverts throughout Bancroft Drive in Spring Valley. Please don't forget about the residents seemed you at least cared about the Bancroft Elementary School but nothings been contributed to the dilapidated areas of Spring Valley we pay taxes too!

**Bob Hobson**

Location: 91977, Spring Valley  
Submitted At: 12:05pm 01-27-26

Casa De Oro really needs this.

**Shelley Herron**

Location: 91941, La Mesa  
Submitted At: 11:43am 01-27-26

I support item 5 to improve flood control in Casa de Oro.

**Myra Lopez**

Location: 91977  
Submitted At: 11:35am 01-27-26

Spring Valley Bancroft Drive and throughout the area needs culverts cleaned repaired and proper drainage to the water canals totally neglecting this area just shows the lack of compassion for the unincorporated areas. Sad

**LISA Rothstein**

Location: 91941, La Mesa

Submitted At: 11:22am 01-27-26

"I support Item 5. The Campo Road business and residential corridor through Casa de Oro needs long-term flood control and storm channel improvements. Please adopt this resolution and pursue grant funding for the Spring Valley projects outlined in Item 5."

**JP Baker**

Location: 92139, San Diego  
Submitted At: 10:48am 01-27-26

I support Item 5. The Campo Road business and residential corridor through Casa de Oro needs long-term flood control and storm channel improvements. When I worked in Casa de Oro, it rained and all of Campo Rd flooded, making it dangerous and nearly impassable. Please adopt this resolution and pursue grant funding for the Spring Valley projects outlined in Item 5.

**Paul Diaz**

Location: 91977

Submitted At: 10:05am 01-27-26

Long timer resident and have been for years recommending Bancroft Drive in Spring Valley have a proper drainage system. This has left us in dire need of many infrastructure issues that have never been completed. Spring Valley demands some long overdue funding we've never received our allotment.

**Corey Tufford**

Location: 91977, Spring Valley

Submitted At: 9:54am 01-27-26

The flooding two years ago caused significant damage at our property, Santa Sophia Catholic Church. Additionally, it seems that the improvement work done at Estrella County Park has changed the way rainwater flows down the hill, through our campus, toward Campo Road. This may be part of the cause for the extreme flood damage that occurred at the Casa De Helix apartment complex two years ago. During the recent heavy rains in January 2026 we observed a significant buildup of rainwater and again worried about flooding at the neighboring apartment complex. I would like to recommend that the alterations at the Estrella County Park be investigated and that the contiguous properties be included in the consideration for funding to better manage rainwater in the Casa de Oro area.

**Mike Williamson**

Location: 91977

Submitted At: 8:55am 01-27-26

What Trina just wrote Bancroft Drive needs to have a redo and without a doubt a drainage system it's a mess. From Dictionary Hill to Central Bancroft FLOODS! Shameful that it hasn't been taken care of and ridiculous bs from the bs gets done. Unbelievable

**Trina Willamson**

Location: 91977

Submitted At: 8:52am 01-27-26

Bancroft Drive area of Spring Valley has been neglected ever since Diane Jacobs left office. I mean in all seriousness Bancroft Elementary school was closed for a month! Don't you think the taxpayers houses up down and all around suffered too. We need so many things but drainage would be a start.

**Annemarie Haydel**

Location: 91941, La Mesa

Submitted At: 8:50am 01-27-26

I strongly support Item 5. Long-term flood control and storm channel improvements are critical for the Campo Road business and residential corridor in Casa de Oro. Please adopt this resolution and actively pursue grant funding for the Spring Valley projects outlined in Item 5.

**Lonnie Lynch**

Location: 91977, Spring valley

Please approve funding for flood control measures, including for Spring Valley and Casa de Oro. Thank you

**Cheri Murrell**

Location: 91977, Spring Valley  
Submitted At: 9:23pm 01-26-26

The flooding last year was catastrophic last year. Please vote yes to item 5 to help us get the neighborhood safe for the future

**Michelle Tapia**

Location: 91942-3544, La Mesa  
Submitted At: 9:00pm 01-26-26

I support as this is the neighborhood my parents live in and Ive lived in the past. I've witnessed the terrible flooding on several different occasions.

**Andrew Phemister**

Location: 91941, La Mesa  
Submitted At: 8:52pm 01-26-26

Flood Control is long overdue for Casa de Oro.

**Bernadette Nuncio**

Location: 91977, Spring Valley  
Submitted At: 8:41pm 01-26-26

Support Item 5. Spring Valley needs long-term flood control and drainage improvements. Please adopt this resolution and pursue grant funding for the Spring Valley projects listed.

**Gary Kuhlman**

Location: 91977, Spring Valley  
Submitted At: 8:19pm 01-26-26

My driveway tends to flood because the large volume of water supplied by 2 concrete pipes uder N. Cordoba Avene will overwhelm my culvert pipe under my driveway. Anyway, on 22 January, 2024, a huge volume of ruboff destroyed about 7 feet of my aluminum culvert pipe. I reported it to the county, but they didn't respond, so I patched the pipe with aluminum structural channel and corrugated sheeting overlain with concrete. It has held up so far

**Melesio Arambula**

Location: 91977, Spring Valley  
Submitted At: 8:18pm 01-26-26

I support item 5 on the agenda

**Pamela Arambula**

Location: 91977, Spring Valley  
Submitted At: 8:15pm 01-26-26

I support these efforts. I am a Spring Valley resident residing in the La Presa neighborhood and my home was flooded. There needs to be improvements to our infrastructure and make sure that the storm drains are properly improved and maintained. The amount of debris that feeds into the water routes that go into the storm drains need to be periodically and properly cleaned. The county cannot neglect these issues without risking flooding again. And us as residents are paying the price for the county's negligence.

**Theresa Desy**

Location: 91941, La Mesa  
Submitted At: 8:10pm 01-26-26

I support this

**Jeff Prentice**

Location: 91977, spring valley  
Submitted At: 8:06pm 01-26-26

My house gets flooded out every time it rains the drainage system is outdated and the county refuses to come out and attempt to update the existing infrastructure. Their philosophy is "you knew what you're getting into when you bought property here" however that's not true because demographics have changed since I purchased my home and it's having a different kind of an impact on resources.

**Riane Dooley**

Location: 91941, La Mesa

**Charles Brown**

Location: 91977, Spring Valley 91977

Submitted At: 7:00pm 01-26-26

Casa de Oro/Spring Valley needs improved flood control that has long-term sustainability. Ernie torrential rains are infrequent, they have caused serious damage.

**Penni WilsonNeely**

Location: 91902, Bonita

Submitted At: 4:53pm 01-26-26

Bonita/Sunnyside residents living along the south side of San Miguel Road are routinely flooded every rainy season. The road itself is a narrow two way that when slick is given to accidents particularly in inclement weather. Please consider added funding for the San Miguel Creek Floodplain Study. Thank you

**Theresa Lang**

Location: 91977

Submitted At: 2:14pm 01-26-26

I'm fairly certain Bancroft Drive has been on a list for numerous years unsure why Spring Valley can't get the funding to properly fix this location. How soon everyone forgets the closure of Bancroft Elementary School. Please start this project.

**Felix Felix**

Location: 91908, Bonita

Submitted At: 1:59pm 01-26-26

Dear Chair Lawson-Remer and Board Members, This is in reference to a Board Letter of application for CDBG-DR funding on item 5. of the Agenda. The Board Letter proposes a prioritized list of infrastructure, planning, and mitigation projects focused on flood control, stormwater management, erosion repair, drainage studies, and water quality improvements. We understand that projects are listed in the order/rank of priority identified by State criteria and funding is limited. I respectfully request that the Board consider additional funding for projects to include the San Miguel Creek Floodplain Study (\$200,000) for Bonita residents in that area as their properties are being flooded every year during the rainy season. In addition, the risk is high for property damage and personal injury due to hydroplaning. Conducting the study to determine mitigation measures will be detrimental for purpose of protecting people, structures and the environment.

**Doreen ORiley**

Location: 91977, Spring Valley

Submitted At: 11:47am 01-26-26

I oppose the current allocations in this resolution. Funding intended for Spring Valley is being diverted to the Tijuana River Valley (TRV) which already has Federal monies allocated to address the issues in TRV. The Spring Valley projects should be prioritized and funded. There are many projects that need to be prioritized in Spring Valley which seem to get ignored by the County as indicated by many of the comments to this agenda item.

**Eric Meins**

Location:

Submitted At: 10:37am 01-26-26

Long-term flood control and drainage improvements are needed now.

**John Griffin**

Location: 91977

Submitted At: 1:25pm 01-25-26

Support Bancroft Drive and surrounding areas have been in dire need for too long. The drainage on Central needs a clean out and all the gang writing removed and unsure who is living in them.

**Chris Harding**

Location: 91977, Spring Valley

Submitted At: 10:36am 01-25-26

I understand the importance of prioritizing The Tijuana River Valley sewage debacle, but let's not forget about the two oft-neglected communities of Spring Valley and Casa De Oro. Infrastructure has long been underfunded and repairs/upgrades sporadic, if they occur at all. The Rio Way repair is definitely needed, and would provide tangible results that our elected officials care about the Spring Valley Community. The Lang Ave Repair is also nearby (approx 2 miles). Both are culvert/drainage repairs and efficiencies of scale might be obtained if both culvert repairs are funded together. Many residents of Spring Valley are also aware (and impacted by) Bancroft drainage issues. Unsure what just funding study would accomplish, but if that's where we have to start, Let's get that done as well!

**Tiffany Powers**

Location: 91977

Submitted At: 10:36am 01-25-26

Let me get this straight we are funding homeless and illegals all around us. But the tax payers of the largest unincorporated area can't get this through two years later? We are funding an absurd amount of NGOs in SV it's crazy even a few daycares that one has several complaints and another after everything seemed to have started coming out CLOSED. Fix the drainage that has been neglected for decades in Spring Valley we need more attention than just suggestions to a planning group. We are too large and forgotten about from this Board of the bored. Bancroft Drive needs revitalization in its entirety.

**Frank Mendoza**

Location: 91977

Submitted At: 10:28am 01-25-26

Please fix the drainage around Bancroft to Central and from where ever this is coming from above. Please do not ignore this community

**Paul Modero**

Location: 91977

Submitted At: 9:45am 01-25-26

Bancroft Drive has been for years a swamp when it rains running down the hill from above and the drainage and walkways have been inadequate for far too long. If not for the taxpayers how about the families that walk to Bancroft Elementary School it's shameful that we the taxpayers of Spring Valley have to beg to the powers that don't even come to our community to get the drainage system truly fixed.

**Tanisha Diaz**

Location: 91977, Spring Valley

Submitted At: 5:37pm 01-24-26

We in spring valley have been extremely affected by both flooding and dumping. However the city seems to think this zipcode is of less importance or out of range for San Diego county which is ridiculous. It is very evident spring valley BADLY needs work to make it safer during times of rain.

**Lisa Stewart**

Location: 91977, Spring Valley

Submitted At: 4:32pm 01-24-26

I support Item 5.

Spring Valley is long overdue for long-term flood control and drainage improvements. The drainage channels in the Campo Road corridor through the Casa de Oro business district are woefully inadequate to capture the runoff from the parking lots and streets. Businesses and residents sustain significant damage each time there is significant rainfall because the water either backs up in the channels and floods into the business and residential properties.

Please adopt this resolution and pursue grant funding for the Spring Valley projects listed. This is a much-needed project that would protect the properties of Spring Valley residents and businesses.

**Kristen Olafson**

Location: 91977, Spring Valley

Submitted At: 4:09pm 01-24-26

Please support agenda item 5. It is long past time that unincorporated areas like Spring Valley receive funding to address infrastructure issues such as flood/drainage control and stormwater projects. After years of benign neglect, it is time to start prioritizing the needs of the residents of Spring Valley by planning for effective long-term solutions and pursuing the funding for their implementation. Projects such as the Bancroft Drive area drainage study are basic first steps.

**Jessica Brown**

Location: 91977, Spring valley

Submitted At: 3:52pm 01-24-26

The community rallied with hope in 2022 when we saw the improvement plan for Quarry Road. It finally felt like we were being seen and getting the help we so desperately need, only for it to have stalled somewhere along the process. The area isn't safe for residents or visitors.

**Sofia Velarde**

Location: 91977, Spring Valley

Submitted At: 3:23pm 01-24-26

Clear drainage

**Aimee ReinardHeather**

Location: 91977, Spring Valley  
Submitted At: 3:12pm 01-24-26

I live down the street from where Quarry Road floods every time it rains. It's very inconvenient every time it rains due to the road closure. This area also becomes a dumping zone of illegal trash since there is always excess water there, people dump trash into the drainage pond. This flooded area also flows into Sweetwater Reservoir, so it eventually washes debris and trash into our drinking water. That entire area on Quarry Road and the Swap Meet parking lots that flood need some MAJOR improvement for everyone's sake.

Make Spring Valley Great Always! Fix Bancroft Drive, Central, Helix etc it's a mess and has been for years when it rains. Why is this even a discussion on an agenda if we were a city it would have been done. Our tax dollars should be spent on our infrastructure it's mesmerizing that this Board is asleep, on their phones, or not present when constituents speak. Aguirre shouldn't even be up there she's lied to Spring Valley and unsure how someone who owed the county monies can even be up there. Wake UP

Bancroft Drive in Spring Valley needs a remodel the water situation new roads police patrol of county parks Lamar and Goodland Acres garbage and tagging all around. We pay taxes where's our portion going we haven't had help in years. Bancroft Elementary school was shut down from floods but no help anywhere else there's mud all around when the children get walked to school from no sidewalks and disabled ramps. It's like no one cares about us

The long underfunded area of Spring Valley needs improvements and the water drainage throughout Bancroft Drive from surrounding hills are severely impacted and have never been addressed it ancient the roads, no sidewalks by an elementary school and Bancroft Elementary flooded! Where's our leadership helping our hard working families that are ignored. The drainage is not proper, the deteriorating area all around needs care.

I support this Bancroft Drive is a mess when it rains why don't we have sufficient drainage all the way up from Dictionary Hill and down? Bancroft Drive needs new drainage, signage, sidewalks, roads and graffiti removal. Why don't we have real representation?

Did anyone else catch how Tijuana River Valley (TJRV) Smuggler's Gulch Sedimentation Basins is receiving is receiving almost 12 and a half Million dollars and this item that talks only about the flooding in Spring Valley. This is a transparency problem, and it needs to stop now. There should have been a separate agenda item of the Tijuana River Valley Crisis. 50 years of this problem and we are going to through more money at the problem? This is dishonest and not transparent.

Support! But don't stop at Bancroft. Study how quarry roads future improvements need revisions and how the quarry's lack of maintenance exacerbated the 2024 floods. High water at the quarry should be pumped to the reservoir.

Spring Valley needs help as the largest unincorporated area with two Supervisors that never show us any support. The community is underserved and Bancroft Drive floods all the time between Troy Street and Tyler. Coming from down from Dictionary Foothills.

My property was not affected by the flooding but many areas of Spring Valley were, including Campo Road which is a major thoroughfare for the area. The damage to people's homes and neighborhoods could've been averted if the canals had been maintained properly.

**Kristin Law**

We were affected by the last flooding event. All the damage and lives interrupted could have been prevented if the flood canals were kept clean and infrastructure in place to mitigate these issues. Please help our community members feel safe in our homes.

Please vote YES on Item 5 to adopt the resolution delegating authority to pursue grant funding for flood control and stormwater projects.

Spring Valley has faced repeated flooding impacts, including the major flood on January 22, 2024, which caused significant damage and disruption for residents. Flooding is a public safety issue that affects homes, streets, businesses, and community recovery.

This resolution is a practical step forward. It positions the County to compete for outside grant funding to advance a prioritized set of needs—flood control and drainage improvements, stormwater management, erosion repair, drainage studies, and water quality projects. Securing grants can accelerate progress and reduce the burden on local funds while helping the County move projects from planning to implementation.

Please support this action so the County can pursue the resources necessary to reduce future flooding risks, protect water quality, and improve safety for the community.

Great Idea to fix all this stuff. However, I see two studies in Spring valley, for Bancroft Way and Special Drainage Area 1 (subitems 4 and 5,) which could be combined and perhaps you could replace all of the Lang Avenue Culvert (subitem 3) which does not sound very durable if it is old metal.

Also, not sure why we need Green infrastructure along Sweetwater Road, which is too narrow to support this.

And on the Lamar Park cleanup of 1,760 gallons of trash annually for \$1.3 million – that's a lot of money. Maybe give a few homeless a bit of dignity by employing them to do this. Might save some money.
