I welcome the release of the employee engagement survey conducted in September 2022 by an independent consultant, CPS HR Consulting. It surveyed accountability objectives, opportunities for systemic improvements, timeline for recommended changes and budget implications. It indicated that 16% of the employees who completed the survey are not engaged and combined with the 51% of employees who didn't take the survey, suggests that 59% of County employees are not engaged.

Bit of a shock.
