PUBLIC COMMUNICATION RECEIVED BY THE
CLERK OF THE BOARD

DISTRIBUTED 10/13/2021

Sign the Petition: Hold the State Accountable for SVP Placements

At the October 19th Board of Supervisors meeting, Supervisor Joel Anderson is bringing forward a proposal that would require our County departments to review each SVP placement site for any violations of state or local laws. If passed, the County would have the opportunity to provide checks and balances in the SVP placement process, by verifying that the State and its contractors are following all applicable laws when they select a site.

Do you support Supervisor Anderson's proposal to require County departments to review each SVP placement site for any violations of state or local laws?

- ☒ Yes
- ☐ No

☒ Yes

☐ No

Kimberly Brewer
Zip Code: 92040

Additional Comments (optional):

Thank you for proposing this, hope the entire Board of Supervisors will agree that these placements are totally inappropriate for our local communities and families. Something on the prison grounds would be a more appropriate placement going forward and would keep our communities safe from SVP's, who have forfeited the right to assume residency in local areas by the nature of their crimes.

Additional Comments (optional):

Thank you for taking a stand to protect those who elected you to support and protect our best interests. I cannot imagine anyone would want a SVP in their neighborhood and with so many State "laws" that impose on our freedoms and rights in place, we hope that our homes and neighborhoods can be a place of safety and refuge for our families and especially our children.

Should receive unanimous endorsements from all supervisors.

Sign the Petition: Hold the State Accountable for SVP Placements

At the October 19th Board of Supervisors meeting, Supervisor Joel Anderson is bringing forward a proposal that would require our County departments to review each SVP placement site for any violations of state or local laws. If passed, the County would have the opportunity to provide checks and balances in the SVP placement process, by verifying that the State and its contractors are following all applicable laws when they select a site.

Do you support Supervisor Anderson's proposal to require County departments to review each SVP placement site for any violations of state or local laws?

Additional Comments (optional):

I always feel so sorry for the residents of Boulevard and Jacumba who have see more than their share of SVP's placed in their neighborhoods. I understand each county needs to assist in housing SVP's, but no one neighborhood should be disproportionately impacted by having more than one SVP placed in each community.

Additional Comments (optional):

This is a small step, but it is a step in the right direction. No community comprising less than 15% of the population should ever have government impose 60% of their problems on them. That the Board allowed this to happen for so long is a testament to how ineffective, corrupt, and out of touch previous Supervisors and Boards have been. It's also why so many of us are suspicious, angry, and frustrated with you, even though you've only been in office for a short time. It's because of how your predecessors treated us, for 28+ years. So, do the right thing. Who knows, if you do it all the time and every time, you might replace the foul taste left by your predecessors with a better, sweeter, happier one. That'd be good.

Erich Benndorff
Zip Code: 92065

Additional Comments (optional):

To release SVPs primarily in East County, where there are fewer psychiatric facilities, less access to public transportation, and fewer places of employment (assuming the goal is to have these individuals become useful citizens) seems ill-advised. An urban area would have more of the necessary resources available, and there are adequate urban areas within San Diego County. That said, every placement site must be reviewed to verify that there are no violations of state and local laws.

John Malone
Zip Code: 91941

Additional Comments (optional):

As I suggested in response to the earlier (ultimately defeated) proposal to release SVP Merle Wakefield to a house in nearby El Cajon, the judge who authorizes the release should be willing to have the SVP live in the judge's own neighborhood, or in the neighborhood of the judge's children and/or grandchildren. That should be the litmus test for any SVP's release.

Don Hughes
Zip Code: 92071

Additional Comments (optional):

I'm concerned about the county or any single entity having the "final word" on future placements of SVP's. I'm not sure how the county's expertise vs. a health company's is the best solution. I think there should be more checks and balances in place than just this proposal. We have to start somewhere so this is a good start. At what point are we ok with any SVP's in our neighborhoods. I don't want to hear the county make a statement as such " this is where he/she is being placed and is the best outcome for the county". Most sane people would NOT want any SVP's in ANY part of our county. NIMBY will always be the answer so, we need more than just this proposal.

THESE Sexual PREDATORS are Mentally Ill and there is no known cure for a Mentally SICK Mind. No matter how educated a psychiatrist is, No One can read another persons thoughts. Mentally SICK PREDATORS NEED TO BE SEPARATED FROM THOSE THEY WOULD DO HARM TO. CHILDREN AND VULNERABLE ADULTS DESERVE TO FEEL SAFE WHERE THEY LIVE. JAIL MAY NOT BE THE RIGHT PLACE BUT IF WE DON'T HAVE PRISON HOSPITALS TO KEEP THEM THEN JAILS ARE OUR ONLY OPTIONS. WE CANNOT WAIT FOR THEM TO MURDER THE VICTIMS!!

Sign the Petition: Hold the State Accountable for SVP Placements

At the October 19th Board of Supervisors meeting, Supervisor Joel Anderson is bringing forward a proposal that would require our County departments to review each SVP placement site for any violations of state or local laws. If passed, the County would have the opportunity to provide checks and balances in the SVP placement process, by verifying that the State and its contractors are following all applicable laws when they select a site.

Do you support Supervisor Anderson's proposal to require County departments to review each SVP placement site for any violations of state or local laws?

Additional Comments (optional):

SVP's can not be rehabilitated. You can't change your sexual likes and dislike's, what makes them think an SVP can change what they do. They should be kept on state or Federal prison grounds.

Additional Comments (optional):

It's apparent that Sacramento is politically placing these felons into our area because we are Red in Southern California. Thank you for sharing this information and keeping this for public knowledge and awareness . SVP's should not be placed 60% specifically in our County. Imperial county would be better suited. I agree , our county shouldn't be treated in this manner . Thank you again for your strong bold leadership on this issue .
Keep as many SVP's out of San Diego County
