Nationwide, we are witnessing increased targeting of immigrant communities and people of color. The federal government has intentionally created a climate of fear and intimidation which has traumatized our communities, making people feel less safe in their daily lives. The Civil Liberties Enforcement and Accountability Rules (CLEAR) Ordinance takes a critical regional approach to increase local protections for San Diego families and sends a clear message to all San Diegans: you deserve to feel safe in your county, and your county is fighting to protect you.

I urge you to vote "Yes" on the CLEAR Ordinance.

This ordinance is personally important to me because I feel strongly that if any individual's rights or freedoms are restricted or at risk, everyone's are. This ordinance will literally make everyone in the county safer. Thank you for this opportunity to address the board.

My name is Psyche Calderon Vargas, Director of Latin@x Services at The San Diego LGBT Community Center, and I urge you to vote YES on the CLEAR Ordinance. Everyone deserves to feel safe when accessing County services, yet fear of law enforcement and immigration agents entering County spaces without judicial warrants prevents workers from reporting abuse and families from seeking care. This ordinance strengthens protections by limiting unlawful data sharing and participation in discriminatory task forces, ensuring County resources are never used to harm vulnerable communities. Please adopt this ordinance to uphold rights, dignity, and public trust in San Diego.

This used to be a respectable country where people could live without fear of being kidnapped by masked Brown Shirts. No ICE anywhere near us or our communities.

Protesters are shot to death; immigrants and US citizens are violently being harassed; families are terrorized; communities of color are forced to live in fear. That is the real situation on the ground because of Trump's cruel, hateful, and illegal policies. ICE abuses are on the rise and will continue to rise as the federal government deploy more masked goons in our streets. The least that the San Diego county can do in these times is to pass legislation that provide support and protection to its residents. This ordinance may not be enough, but I strongly support it.

Immigrant communities are an integral part of our county and [recent elevation of] federal immigration enforcement results in our communities being on high alert about encounters with ICE agents. Additionally, there continues to be concern about whether or not an encounter with local law enforcement could result in civil immigration actions, ultimately leading to deportations and possible family separation. Please vote YES on CLEAR. This vote would be a step towards reducing gaps in the system by working towards preventing discriminatory practices that disproportionately impact immigrant communities. Additionally, collaboration with the county and local law enforcement on the implementation of this ordinance could allow all residents, documented and undocumented, to feel safe in a time of heightened fear and anxiety.

We are living in a climate of fear whether we are undocumented or a citizen exercising our constitutional rights to protest government abuse of power. Black and brown people in our communities are being harassed, stopped and held simply because of their race and Supreme Court is allowing it. We are counting on our elected Supervisors to protect our community and to push back on this Gestapo like overreach. Vote YES!

Immigrant Defenders Law Center strongly supports the CLEAR Ordinance to ensure that all residents can safely access essential services without fear of unlawful detention or deportation. During these dark times of mass detention and deportation, immigrants and their families are living in fear. Individuals are afraid to work, take their children to school, and even attend medical appointments. When workers believe that police or immigration agents can access county buildings without judicial warrants, they will avoid reporting wage theft, retaliation, or unsafe working conditions. This will have a chilling effect throughout the San Diego community which weakens public trust and public safety. The County should adopt the CLEAR Ordinance to ensure San Diego County facilities, resources, and personnel are never used to enable unlawful actions by federal authorities.

South Bay People Power strongly supports civil rights, dignity, and due process for all. Unfortunately, many members of our community live in fear when they consider accessing services in our County facilities. We need the County to adopt and enforce an ordinance that ensures County facilities, resources, and personnel are never used to enable unlawful or discriminatory actions by federal authorities. Please vote YES on item #8 to protect the people you represent.

Everyone deserves the right to feel safe when they access County services.

Communities fear going to work, taking their kids to school, and living their daily life. When workers believe that police or immigration agents can access county buildings or data without judicial warrants, they don't report wage theft, retaliation, or unsafe conditions. Families skip medical appointments and community meetings. Residents avoid libraries and parks and victims do not report crimes. The result is a chilling effect that weakens public trust and public safety.

We have seen an appalling increase in attacks on immigrant communities in San Diego under the Trump Administration. Violent attacks by federal agents and those acting as agents has created an overwhelming state of fear and mistrust. It is critical that the County stands with all vulnerable communities and works to protect them from harm.

Please vote yes on CLEAR! We need ICE out of our cities, FLOCK out of our neighborhoods and federal agents to protect us - NOT dismiss our rights and harm our incredible progress on community!

There are so many upstanding and admirable individuals belonging to groups in our communities that are targeted by ICE. Tearing families and communities apart is exceedingly painful and does irreparable harm to all involved. We are HURTING - as a city and as a nation. STOP the SENSELESS LAWLESSNESS and ABUSE!!! ICE OUT !!! FLOCK OUT!!! Wealthy conniving thieves who have destroyed housing prospects for so many and took it upon themselves to steal the American Dream - WE HAVE TO FIX THIS!!!!

I urge you to vote no on Item 8, the proposed CLEAR Ordinance adding Article LXV to the County Code. While I appreciate efforts to protect civil liberties, this ordinance risks overstepping legal bounds by effectively barring federal immigration agents from accessing County facilities without a judicial warrant or court order. Please see attached for key legal rationales demonstrating why such a policy may not withstand scrutiny under federal law: <https://pastebin.com/8afRrY5w>. This county has and continues to experience a catastrophic event due to the continued presence of thousands of illegal immigrants residing in this county with the sense of entitlement extended by the Biden administration and the complicity by some on this board. You are complicit in the cause of this catastrophe.

Hypocritically, this board actually wants money to pretend to protect American citizens and legal residents against terrorism and other catastrophic events at the same time in agenda item #8 you want to interfere and prevent access to non-public areas of County

of San Diego facilities by law enforcement when enforcing federal laws for deportation. Which is necessary due to the current catastrophic event of thousands of illegal immigrants unlawfully in this county, in this country.

I strongly support the introduction and eventual adoption of Article LXV, the ordinance adding clear rules on law enforcement access to County facilities, as currently before the Board of Supervisors. This ordinance, modeled on the City of San Diego's Due Process and Safety Ordinance, will help ensure that all individuals — regardless of immigration status — are treated fairly and with respect when interacting with county government. By establishing transparent standards for access to non-public areas and requiring valid judicial authorization for law enforcement entry, the County can protect civil liberties while maintaining public safety and trust in our institutions. Strengthening fairness, communicating rights clearly, and fostering community confidence benefits everyone in San Diego County.

Nationwide, we are witnessing increased targeting of immigrant communities and people of color. The federal government has intentionally created a climate of fear and intimidation which has traumatized our communities, making people feel less safe in their daily lives. The Civil Liberties Enforcement and Accountability Rules (CLEAR) Ordinance takes a critical regional approach to increase local protections for San Diego families and sends a clear message to all San Diegans: you deserve to feel safe in your county, and your county is fighting to protect you. The ordinance aims to protect our data, maintain local resources for local purposes and expand protections for all county residents. The ordinance will support and protect people regardless of immigration status, disability, gender identity and sexual orientation. I urge you to vote "Yes" on the CLEAR Ordinance.

Good morning Board members. Dee here, opposing Item 8's CLEAR Ordinance introduction. Restricting federal/out-of-state law enforcement access to non-public areas without warrants, plus signage/contractor rules, risks hindering safety cooperation in our border county. Supervisors Anderson and Desmond highlighted public safety concerns in prior 3-2 votes, yet impacts on joint operations aren't fully detailed. Existing warrant laws suffice; this adds bureaucracy without proven local need, mirroring City policy possibly for political reasons. The multi-step amendments show limited upfront transparency. Vote no on first reading—prioritize safety, demand better evidence, and ensure actions serve all residents, not hidden agendas. Thank you.

We need CLEAR and simple understandings of our rights as immigrants, (we are all immigrants) as to how far ICE can go into our lives, lawfully or unlawfully. Especially with gender identity, and/or gender affirming care. I have read Project 2025 a few times, in parts, and it's disturbing, have not read Project 2026, but upon hearing from reliable sourcing, it's that much more devastating to the destruction of our Constitutional rights. PLEASE VOTE YES ON THE CLEAR ORDINANCE so we may feel safe in San Diego. Thank you, looking forward to see that you have voted to PROTECT and SERVE YOUR CONSTITUENTS.

We are under attack by the federal government, and this is not abstract. It is happening here, right now. I have personally witnessed the inhumanity caused by the current administration's immigration enforcement practices. I have video documentation of ICE removing six individuals from the USCIS office in downtown San Diego, shackling them, and forcing them into a van. Some were confined there for over three hours—parked in an underground garage with the engine idling and fumes seeping inside. I expect you to support the CLEAR ordinance because you are our defense. You represent our collective voices,

and those voices are saying: enough.

Protecting our most vulnerable communities protects all of us. Passing this ordinance aligns the County with the City's Due Process and Safety Ordinance, adopted October 21, 2025, and sends a clear message that San Diego will not cooperate with inhumane and unconstitutional federal practices.

Do more than pass this item. Stand up. Be brave. Fight back.

Everyone deserves dignity and safety. At a time when immigrants' rights, trans justice, reproductive freedom and freedom of expression are under attack, the county of San Diego has the responsibility to ensure that all its residents rights are protected and upheld.

Nationwide, we are witnessing increased targeting of immigrant communities and people of color. The federal government has intentionally created a climate of fear and intimidation that has traumatized our communities, making people feel less safe in their daily lives. The Civil Liberties Enforcement and Accountability Rules (CLEAR) Ordinance takes a critical regional approach to increase local protections for San Diego families, and sends a clear message to all San Diegans: You deserve to feel safe in your county, and your county is fighting to protect you.

The ordinance aims to protect our data, maintain local resources for local purposes, and expand protections for all county residents. The ordinance will support and protect people regardless of immigration status, disability,

gender identity, and sexual orientation.

I urge you to vote "Yes" on the CLEAR Ordinance.

Across the country, immigrant communities and people of color are facing heightened targeting. Federal actions have deliberately fostered an atmosphere of fear and intimidation, leaving many traumatized and feeling unsafe in their everyday lives. The Civil Liberties Enforcement and Accountability Rules (CLEAR) Ordinance offers a vital regional strategy to strengthen local protections for families in San Diego. It sends a powerful message to every San Diegan: you have the right to feel safe in your community, and your county is committed to defending that right.

The ordinance aims to protect our data, maintain local resources for local purposes and expand protections for all county residents. The ordinance will support and protect people regardless of immigration status, disability, gender identity and sexual orientation.

I urge you to vote "Yes" on the CLEAR Ordinance.

This is important to me because I am a lifelong resident of the county, I'm a public school teacher, and I volunteer with the ACLU. I want to help ensure that San Diego County remains a safe and compassionate place for generations to come.

I urge you to vote "Yes" on the CLEAR Ordinance.

Nationwide, we are witnessing increased violence against our immigrant communities. People in our community should feel supported and not live in fear. However, the federal government continues to terrorize immigrant and brown community members, to the point where they don't feel safe to leave their homes. We have to take action

to show support for our community. The Civil Liberties Enforcement and Accountability Rules (CLEAR) Ordinance takes a critical regional approach to increase local protections for San Diego families. I urge you to vote "Yes" on the CLEAR Ordinance.

The persecution and violence committed against immigrant communities has become a nationwide crisis. The federal government continues to traumatize our communities and terrorize families. The Civil Liberties Enforcement and Accountability Rules (CLEAR) Ordinance will be critical in increasing local protections for San Diego community members. Our immigrant and black and brown community members deserve a safe space free of government violence and terror. We need to take every action possible to move closer to that goal. I urge you to take this step and Vote "yes" on the CLEAR ordinance.

My name is Cody Tanabe and I am a resident of district San 2021 San Diego City Counsel 3. I am in support of this item.

The Civil Liberties Enforcement and Accountability Rules (CLEAR) Ordinance helps protect community members and ensures that local resources are not used to further federal immigration enforcement efforts, unless required by law or a warrant.

This ordinance provides additional transparency in how local law enforcement resources are used and direction on how to protect the information of community members in San Diego County, especially vulnerable members from immigrant and LGBTQIA+ communities.

Nationwide, we are witnessing increased targeting of immigrant communities and people of color. The federal government has intentionally created a climate of fear and intimidation which has traumatized our communities, making people feel less safe in their daily lives.

I urge you to vote "Yes" on the CLEAR Ordinance

It is incredibly important that we protect our community. It is important to put in place acts like these so that families can stay together and feel safe. ICE and DHS have taken too much from San Diego already.

We have lost incredible humans who were kidnapped and their families are left behind to struggle and grieve. If we don't act now, more will be kidnapped, injured and killed. I urge you to vote YES.

I support the CLEAR Ordinance because everyone deserves to feel safe living their life in San Diego County. Right now, many people are navigating daily life with fear hanging over them. Fear of taking their kids to school. Fear of going to work. Fear of accessing basic services. That fear does real harm to families, mental health, financial stability, and community trust.

County resources should be used to protect residents, not to contribute to surveillance, detention, or deportation. CLEAR helps safeguard personal information, limits unnecessary cooperation with federal immigration enforcement, and increases transparency and accountability. It sends a clear message that San Diego County stands for dignity, privacy, and civil rights for all residents, regardless of immigration status, race, gender identity, or the care they seek. I urge the Board of Supervisors to vote YES on the CLEAR Ordinance.

It is clear that ICE and the Border Patrol (BPS) have far exceeded their legal authority and engaged in overly hostile and violent activity. But this proposed ordinance doesn't do the job. The agents who break due process laws, use unlawful force and violence, or arrest American citizens without verifying their citizenship should be prosecuted individually.

The sec. 967 exceptions in the ordinance make it essentially unenforceable. Federal or out-of-state law enforcement personnel could simply claim it's an inspection under regulatory authority, just as they've lied so often in the past; and saying "In response to an imminent threat to life or public safety pursuant to a narrowly tailored policy adopted by the Chief Administrative Officer" without specifying the policy is so vague that it would not stand up in Court.

But now that ICE and BPS are under extreme fire for their lies and unconstitutional actions, my inclination is to let them self-implode.

## Public Comment Statement in Support of the Ordinance

I strongly support the proposed ordinance on law enforcement access to County facilities. It's imperative that we prioritize community safety while ensuring every individual is treated with dignity and respect.

We reject any actions that lead to the kidnapping or unjust detention of individuals. Every person deserves due process, especially vulnerable families. The strength of our society lies in our immigrant population, which enriches our culture and economy.

This ordinance is crucial for safeguarding the rights of immigrants and creating an environment where all families feel secure. Protecting our community means protecting every member, and we must stand together in support of this essential measure. Thank you.

The US Immigration and Customs Enforcement agency (ICE) is currently detaining people without judicial warrants (their administrative warrants are not the same), and depriving detainees of due process. These acts are in clear violation of the 4th and 5th amendments, which guarantee protection from unreasonable search and seizure, and the right to not "be deprived of life, liberty, or property, without due process of law," respectively. ICE has also been openly disregarding the judicial branch of the federal government and remains unchecked by other agencies in the executive branch. This leaves things up to the state and local governments to uphold the rule of law and the rights granted by our constitution. Please adopt this ordinance to ensure the people of our county get their promised rights.
