The below comment is a farce- we need and demand a special election! No more favoritism this is bizarre that there's even a meeting to decide! This impacts MY community and fair election process!

The voters of District 1 will decide who fills the seat vacated by Vargas either in a Special Election this year or in the regularly scheduled Primary and General Election next year. \$5 million or more is a lot of money. \$5 million. If you appoint an interim Supervisor the voters still decide and we save \$5 million. It's a Dem safe seat. Dems will line up in the Primary and then face McCann in the general whether it's later this year or early next year. Appoint a moderate Dem like Ben Hueso and save \$5 million. Thank you.

We need some new blood and not some appointed special interest. We need real people that want to make District 1 a viable place to live. The homeless and illegals are far beyond any other time here. We keep shelling out our hard earned money that's being thrown to the wind. What happened to infrastructure. I don't even think tax payers should have to pay for the election. Shoot Nora Vargas should shell out the cash and reimburse us for her ridiculous special security. What's going on here- Tom Homan needs to set this county straight.
