I am writing in support of Vice Chair Vargas's board letter calling on the federal government to lift restrictions on non-essential travel, and directing the CAO to identify and pursue economic relief opportunities to address the effects these restrictions have had on our regional economy and impacted families and small businesses. Please vote in favor of this letter to support an equitable economic recovery for all. Blair (CPI/ISDF)

### Anjeleena Sahni

Location: 92108, San Diego

Submitted At: 9:08pm 10-18-21

My name is Anjeleena Kour Sahni from CPI and the Invest in San Diego Families coalition. Our region has a binational economy that is supported by individuals who live and work on both sides of the border. I urge the Board to vote in support of this item, which will direct the CAO to identify and pursue opportunities to provide

economic relief to families and communities that have been disproportionately impacted by non-essential travel restrictions, and the COVID-19 pandemic.

This proposal seems antithetical to the BOS meeting on October 5th where you declared Covid such a continued threat that you decided to mandate vaccines for new hires.

Please do not talk out of both sides of your mouth. If you are going to fully open the border, then rescind the vaccine mandates for new hires.
