EQUITY IMPACT STATEMENT

County government includes standing and special citizen boards, commissions, committees and task forces formed to advise the Board of Supervisors and County staff on issues and policies and to serve as links to the community. Boards, commissions and committees provide an inter-relationship between the residents and the government of the County and as such must provide transparent bias-free decision-making. The Board of Supervisors serves as the Code Reviewing Body for any local government, other than cities, with jurisdiction wholly within the County, pursuant to Government Code Section 82011. Under the California Political Reform Act, a public official has a disqualifying conflict of interest in a governmental decision if it is foreseeable that the decision will have a financial impact on their personal finances or other financial interests. In such cases, there is a risk of biased decision-making that could sacrifice the public's interest in favor of the official's private financial interests. To avoid actual bias or the appearance of possible improprieties, the public official is prohibited from participating in the decision.

The recommended action would approve the adoption or amendments of the Conflict of Interest codes submitted by various entities. The adoption or amendments to the Conflict of Interest codes in this Board Letter enable the County of San Diego to provide transparency and accountability to individual residents, ensuring equitable operations of the government that are free from undue influence.
