In supporting this package, the County of San Diego is taking a crucial step towards rectifying past wrongs and fostering equity. This legislative move, reflects a broader recognition of the need to address the enduring impacts of historical injustices on African-American communities and work towards meaningful reparative measures. I strongly encourage this board to adopt this resolution.

It is wrong to take money from anyone to give to others based on race. What about mixed race how will that work. What about reparaations for all that were interned during WWII and lost everything? How do you prove who was affected and who ancestry own slaves or was a slave? NO TO REPRATIONS WHICH JUST CAUSES DIVIDE OF SOCIETY

In *Richmond v. Croson* (1989), the U.S. Supreme Court has ruled against race-based “remedies that are ageless in their reach into the past.” As the 2024 Reparations Legislative Package consists of 14 (13?) bills in the CA state legislature it would be smart to await their final determination before taking any action. In the meantime, it is great to support this independent of the BOS. Countywide support is unnecessary right now.
