I am a concerned San Diego citizen and I would like to register my disapproval of San Diego County's status as a "Super Sanctuary". Please advise the Board of Supervisors that I urge them to overturn this designation, and to cooperate with Federal ICE agents in removing immigrants here illegally.

Subject: [External] Repeal Sanctuary Status of San Diego
Date: Wednesday, March 5, 2025 3:42:22 PM

Dear Board Of Supervisors,

I am a 6 year resident of San Diego county who moved here from the broken San Francisco Bay Area. As someone who joined the Marines in 2003 and trained at MCRD and Camp Pendleton San Diego felt like home right away. While I was lucky enough to get stationed in Hawaii and then attended UC Berkeley, I had always envisioned establishing roots in our beautiful San Diego county and through years of hard work finally was able to make this come to fruition. San Diego always represented a more diverse, sane and practical area of California and I am deeply troubled by the push for the sanctuary policies and the whole agenda it comes with. Disconnected politicians spout theories which sounds good in only that – theory.

Sadly those advocating for it seem more motivated by political resentment than by genuine concern for public safety and the well-being of our city. Rather than making decisions based on what is best for San Diego's residents, some local leaders appear more interested in opposing the current administration at all costs, using policies like this as a political statement rather than a practical solution. This kind of governance does not serve the people—it serves personal agendas and why? These are common sense policies. If you come here illegally and commit violent crimes !!!!!! It reads like a spoof article. Who would advocate for 1.) Violent criminals to remain in our communities but 2.) They have broken the law to come here and commit violent crimes?

We have all seen the disastrous consequences of poor policy in cities like Los Angeles and San Francisco, where misguided leadership has led to rising crime, homelessness, and deteriorating quality of life. San Diego should not follow this path. We must prioritize common sense, responsible (transparent) governance, and policies that put our citizens first rather than adopting politically charged measures that harm the most vulnerable communities the most. .

Subject: [External] Repeal San Diego County Super Sanctuary policy

I am a resident of San Marcos, California. I urge the San Diego County Board of Supervisors to repeal/cancel the current San Diego County Super Sanctuary policy enacted in December 2024.

Deportation of illegal immigrants accused of violent crimes is the federal government policy as of January 2025. There is no valid reason for San Diego County to not cooperate with Immigration and Customs Enforcement (ICE) in executing the federal government policy of ridding our communities of dangerous illegal alien criminals. It is the primary duty of all levels of government to ensure the safety and security of their constituents. Allowing illegal immigrant criminals free access to our communities puts all residents at extreme and unnecessary risk of violent and potentially deadly crimes.

Elected officials have the solemn duty to protect the welfare of citizens. Any deviation from that duty is unacceptable.

Please forward to the San Diego Board of Supervisors.
I request to motion to repeal San Diego County's extreme "Super Sanctuary" policy—a reckless measure that actively shields illegal immigrant criminals from deportation, even after committing horrific crimes. Thank you!

Ramona --

At our next Board of Supervisors meeting, I will be bringing forward a motion to repeal San Diego County's extreme "Super Sanctuary" policy—a reckless measure that actively shields illegal immigrant criminals from deportation, even after committing horrific crimes.

Under this policy, local law enforcement is limited from cooperating with ICE when individuals commit violent felonies, including:

- **Rape**
- **Child abuse and sexual exploitation**
- **Assault**
- **Burglary**
- **Gang-related crimes**
- **Hate crimes**
- **Stalking**
- **Elder abuse**
- **Kidnapping**
- **Arson**

This means criminals who commit these appalling acts are more likely to be allowed to walk free in our communities—protected by County policy—with zero coordination with federal immigration enforcement.

A few months ago, I was the lone vote against this insanity. But now, Supervisor Nora Vargas—the architect of this policy—is no longer on the Board. The time to act is now.

We must restore law enforcement's ability to communicate with ICE when these heinous crimes occur. Protecting criminals over the safety of our families is unacceptable. I will not stand by while our neighborhoods are made more dangerous by reckless policies.

I need your voice. If you agree that public safety should come first, I urge you to contact the Board of Supervisors and demand they repeal this dangerous law.

San Diego County should be a safe place for law-abiding citizens—not a haven for violent criminals. **Let's fix this before it's too late.**
