Subject: [External] Official Public Comment Record: Items 8 & 14 - Andrew James Marto
Date: Tuesday, April 21, 2026 6:06:00 PM

To the Clerk of the Board,

My name is Andrew James Marto. I am writing to ensure that my oral testimony provided today during the Board of Supervisors meeting for Items 8 and 14 is fully incorporated into the official public record.

In my testimony, I addressed the "Deadly Myth" of oversight within the Behavioral Health Services (BHS) Impact program. I provided specific details regarding:

1. The conflict of interest involving BHS employee Joseph Inci and the facility at 4001 Conrad Ave.
2. The systemic negligence in ILF "Hot Spots" and the death of Dennis Robinson.
3. The retaliatory conditions I am currently facing, including a substandard living environment with bed bug/roach infestations and structural decay (concaving floors).

I am requesting that this written statement, along with my contact information below, be included in the record for both Item 8 and Item 14 to ensure full transparency and accountability for the issues raised.

I am a resident of San Diego who grew up here, and I am standing in solidarity with the Armenian community in the spirit of "truth over silence."

Respectfully submitted,

Andrew James Marto
San Diego Resident & Whistleblower

Subject: [External] Vote NO on Term Limit Extension - April 22
Date: Tuesday, April 21, 2026 6:37:52 PM

Apr 21, 2026

Dear Members of the Board,

I am a San Diego County resident writing to ask you to vote NO on placing a supervisor term limit extension on the November ballot. In 2010, 65% of San Diego voters approved an 8-year two-term limit. That decision belongs to the voters - not to the board that benefits from reversing it. Each supervisor earns \$220,561 per year with automatic raises they vote on themselves, plus taxpayer-funded pension contributions of \$92,636 per year, lifetime pension, and near-zero cost healthcare. A third term adds another \$1.25 million per supervisor in salary and pension costs paid by taxpayers - before healthcare and office expenses. Our water rates just rose 14.7% with another hike coming. Our roads are crumbling. This is not the moment to extend your own terms. Please respect the voters. **Vote no on April 22.** Sincerely,

Regards,
..sanjiv

I think it is pathetic what you are doing to the people of this county. You are no longer working for the people, but yourselves. You are very selfish. There are many people out there struggling and you politicians do nothing but raise taxes and utilities. You don't even know how to fix anything that is why you are so busy coming up with ways to take more money away from people. That is the Democrats agenda.
