Hi, Please consider and do a feasibility study of using vacant San Diego County Airport property for housing the homeless. A PRIME example is the flat vacant 70 acre parcel where the EICajon Speedway was located and the vacant land that surround the Speedway,  
Thank You

As the Deputy Mayor of the City of El Cajon, and on behalf of the people of El Cajon, I support updating the County's homeless action plan to align with the federal strategic plan "All In".

On behalf of the Office of Mayor Todd Gloria I write to express our support to updating the County's homeless action plan to align with the federal "All In" strategic plan. Among other key strategies, the "All In" plan emphasizes authentic collaboration between jurisdictions. Thankfully, collaboration between the City and County to address homelessness has never been stronger. Through the "All In" approach, we can continue building on this partnership together as we seek to end homelessness.

As a member of the East County Homeless Task Force and former Chair of La Mesa's Citizen Task Force on Homelessness, I fully support incorporating the Federal Strategic Plan into the County's Homeless Action Plan. I also support combining the County's efforts with those of the Regional Task Force on Homelessness and those of the 18 cities. We need further cooperation across agencies and city and county limit lines. Thank you.
