An assessment is necessary. Parents be familiar with state law AB 665. It allows for "A minor who is 12 years of age or older may consent to mental health treatment or counseling on an outpatient basis, or to residential shelter services, if the minor, in the opinion of the attending professional person, is mature enough to participate intelligently in the outpatient services or residential shelter services." This can be done without parental knowledge or consent.

I would encourage an assessment of this department which contracted with a vendor who failed an LA County audit, awards sole-source contracts without an adequate reason, and seems to waste our tax dollars, among other things.

Let's see how well it served us and whether we really need it.
