No to Terra, Monica or Paloma in chair or vice chair position.

Return to core services and community safety as the board's priority.

Reduce spending, reduce government bloat such as employees, and freeze hiring. \$8.4B budget is obscene. 8000 mental health employees is gross.

Protect preborn babies. Protect children.

Stop spending our money on illegal foreigners - convicted violent criminals or otherwise.

End sanctuary county policy - and truly promote safety of legal residents and American citizens. Cooperation with federal law enforcement on deportations of convicted violent criminal illegal foreigners will prevent community action.

Whoever you choose, your mission should be to restore trust.

Cutting off speakers' last sentences, calling people off topic when they are not., pushing agenda items to the next day, when many speakers can't be there, simply make them angrier. The one-sided push to enshrine half-baked ideas in the County's ordinances, as if they mean so much in the scheme of things, destroys trust.

It is a great opportunity to correct these failures of the past.

Just as I kept saying we can do it ourselves on the TJ River sewage and a private group put up a floating barrier, we can do wonders here too. Listening consistently to both sides is a great start.

Public service should be non-partisan. A great time to listen to the people, good ideas from both sides, hopefully without the name calling, the meanness, the false media narratives often promoted by the ones who are supposed to lead and not hide behind a facade, thinking that the bad guys are all on one side and the County is always right.
