If the counsel will not support the release of the county's emergency funds for the most basic needs of the community which include equal access to food, shelter, and healthcare, it is a conflicting interest to approve any assignment of compensation for counsel members, as they have failed to act in the best interest of the community as a whole, and have therefore discriminated against the people of San Diego county. To deny basic human dignity to my neighbors is not only unethical but it proves a lack of accountability among this counsel. I would ask that you release to the county our emergency funds, because if I held your resources against your will, I would be in jail right now. A vote to withhold designated public funds from citizens while approving payments for counsel members is not ethical, so I will volunteer to counsel without pay until you decide that acting in the best interests of the community is within you power. Thank you.

Sounds fair, especially if he hires proofreaders.
