Dear Chair Nathan Fletcher,

The Veterans Democratic Club of San Diego is pleased to support the policy proposals on the agenda, "Increasing Veterans in the County Workforce: Hiring San Diego Heroes." This would have the County of San Diego reexamine its own workplace policies and find ways to increase veteran recruitment and retention with the aim of doubling County worker veteran employment by 2030.

Military veterans can provide a sustainable resource for both county and private sector jobs. Veterans show up for work on time and put forth the necessary effort to meet employer job expectations. Most have a "can do" attitude

which sets them apart from many of their civilian peers. Given that many service members are discharged here, the BOS should continue to explore ways to help local veterans transition from military service, otherwise some may find their way into our homeless population.
