So, in 2017 The County consolidated 10 ambulance Operating Areas into one service area with one private ambulance vendor providing at least 10 Advanced Life Support ambulances. 10! No wonder "challenges still hinder the viability." On October 4, 2021, the State of California allowed the County to contract with public Fire Agencies to provide ambulance services, and the Board is finally doing it. We need more than 10 ambulances. Hope it was worth the wait! I DO think this is a good idea.
