I DO NOT support extending the County Supervisors term in office to 3 years.

It currently is 2 and should stay that way! The only supporters are those that would benefit. If they cannot accomplish their job in 2 years they shouldn't be in that position.

Thank you for your time.

The voters said NO to three terms for county supervisors in 2010, years ago, and now the voters SEE blatant disrespect and self power promotion !! Vote NO on three terms and show the voters you care about what they said! The supervisors came from a republic where the people are represented. Respect what the PEOPLE said !

Respectfully, FDGorris

San Diego County Board of Supervisors,

I am writing to let you know that I do not support your attempt to change your own term length. You are going against a vote that occurred and did establish the current limits. I don't believe our founding fathers ever expected that elected officials would be in office for more than a few years. There is no real justification for any of you to remain in office for more than the number of years we, the voters, allocated. Frankly, your move to change reflects your disregard for the desire of the people who put you in office. I am asking you all, for once in your lives, to do the "right thing".

I imagine your next move will be to give yourselves a raise in compensation. That is another tendency among elected officials that I do not support.

Again, I ask that you all do what is right and stick to the terms, we the voters and your bosses voted for.

Thanks,
Gary Burrie

I am completely opposed to extending term limits for County Supervisors offices. Please note my concern. It is appalling that this group is attempting to benefit from this action. The standard practice is to write such petitions to begin after the next election.

"We the People" approved two terms.... MAX. I oppose you extending the county Board of Supervisors term limits. This looks like another power play for your own agenda.....this is not helping the people you are here to serve.....It's not your lifetime career... You're supposed to serve your county, in this case, then go back to your own personal life. You need to vote NO.

How could the members possibly think their constituent's are okay with their indigent decision to change what we decided on. Are you so arrogant to believe that we really would be OK with that? You were elected to follow the will of the people. Can you please tell me why you believe that your decision is better than ours? You've had your time in and now you need to leave with grace and dignity.

Blessings

I'm writing to let you know that I absolutely oppose extending Supervisor term limits. This is not reform, it's a powerplay.

We voted on term limits in 2010 ed on this and now you wish to overturn the will of the majority of the people.

Please do not do this - **we want to maintain current term limits.**

Please count me as one of many San Diegans who are for term limits. I DO NOT want any of our officials trying to pass any legislation allowing for a 3rd year in their respective office. Our entire state -- as well as our city/county -- is in complete shambles due to the incompetency of our leaders.

Dear Clerk of San Diego County:

Thank you for reviewing this important matter. I am writing in opposition to the motion to revise the County Board of Supervisor's charter to extend Board membership term eligibility to 12 years, while simultaneously limiting all other subservient and peer offices. It is striking to have an incumbent board draft a consequential revision that would apply to their own eligibility.

Please oppose this charter revision.

Sincerely,
Austin S. White

I would like to register my opposition to you County Supervisor's voting yourselves extra term limits, when the public voted on it and said that TWO TERMS is sufficient for members of the Board of County Supervisors. You want to subvert the legal voting rights of the people who have already voted on this measure in the past and clearly stated that two terms was sufficient for you. You, who declare "NO KINGS" are not practicing what you preach. VOTE TO KEEP YOUR TERM LIMITS to TWO TERMS.

Respectfully submitted,

I am flatly opposed to the extension of term limits for members of the Board of Supervisors.

The Board needs to focus on the issues of importance to County citizens and financial responsibility.

NOT on preserving the time existing Board members members want to continue to receive a County Pay check
