Goal #4 to protect the health and wellbeing of everyone in the region. So ironic. The women on this board support child sacrifice by abortion, support barbaric mutilation of minor children in the name of the trans agenda, protect convicted violent criminal illegal aliens above Americans, support legal marijuana leading to drug addiction and okay with the public being forced to smell that smoke but yet want to stop tobacco use. Never forget, during the man-made so-called pandemic this county spent \$1B and over 300,000 people in this county still died, families were damaged, businesses destroyed, the poison injection was forced into many people because of misinformation and gaslighting with overwhelming adverse affects, proven medical treatment was withheld and dangerous hospital protocols implemented with deadly consequences.

Yes, this county wants to protect the health and wellbeing of everyone in the region. Ha.

I like how the HHSA spelled out the changes in the Recommendations. The Tobacco and ESD Policy looks great!

Art. III Sec. 82.2 (Advisory Council on Aging) sets up a 30 member council. That's a lot of arguments. Sec. 82.12 sets compensation. Mileage should be included.

Art. XLVIII Sec. 820.7 is kind of limiting. The Military & Veterans should be compensated for meals, lodging, entrance fees, etc. that they paid in their official duties.

Please make these changes.
