Hi Supervisors,

You want to spend over \$4 million for 540 acres of vacant land (\$7,970 per acre.) Then, the agenda says it will reduce greenhouse gasses. I don't know how, if the land is vacant to begin with. Can one of you tell me?

I think you need to shelve this deal entirely, and stop paying extravagant sums of our tax dollars for what some might consider wasteland.

Regards,

Paul Henkin
