I strongly support the funding of the Immigrant Legal Defense Program (ILDP) at \$7M and its maintenance as a universal, merits-blind program so all immigrants in detention have access to due process and legal representation. Please protect key safety-net programs such as housing, education and mental health funding.

**Hannah Haros**

Location: 91915, Chula Vista  
Submitted At: 3:15am 01-28-26

I strongly support the funding of the Immigrant Legal Defense Program (ILDP) at \$7M and maintain it as a universal, merits-blind program so all immigrants in detention have access to due process and legal representation. Also please protect key safety-net programs such as housing, education, and mental health funding. These are actions our community needs urgently.

Thank you

**Jessica Gonzalez**

Location: San Diego  
Submitted At: 11:41pm 01-27-26

I strongly support the funding of the Immigrant Legal Defense Program (ILDP) at \$7M, to ensure all immigrants in detention have access to due process and legal representation. This program also aligns with the County's strategic plan initiatives, and would continue to uphold equity and justice in San Diego communities.

**Laura Homec**

I strongly support the funding of the Immigrant Legal Defense Program (ILDP) at \$7M and maintain it as a universal, merits-blind program so all immigrants in detention have access to due process and legal

representation. Also please protect key safety-net programs such as housing, education and mental health funding.

**Safiya Swearingen**

Location: 91932, Imperial Beach

Submitted At: 9:53pm 01-27-26

I am firmly in favor of allocating \$7 million to the Immigrant Legal Defense Program and ensuring it remains a universal, merit-blind resource, so that every immigrant in detention can access due process and legal representation. Additionally, I urge the protection of essential safety-net programs, including funding for housing, education, and mental health services.

I strongly support funding for critical county programs that are facing cuts and growing demand — including health care, housing, nutrition and other essential services our communities rely on. One of our top priorities is strong funding for the Immigrant Legal Defense Program (ILDP). I urge the board of supervisors to allocate \$7 million for ILDP and maintain it as a universal, merits-blind program so all immigrants in detention have access to due process and legal representation. I also ask you to continue investing in safety-net services that keep families stable. Thanks.

**Delaney Giacalone**

Legal Aid Society of San Diego administers the Tenant Legal Services (TLS), providing free legal help, case management, and targeted rental assistance to prevent homelessness. In 2024, 91% of households we served avoided homelessness at case close, and 81% remained in their homes. Prevention is fiscally smart: a chronically homeless person can cost government ~\$50,000 per year, while TLS averaged ~\$1,300 per household who received legal services, case management, or rental assistance. This year, the County cut TLS by 40%. Because the City of San Diego kept level funding for its equivalent program, the greatest impact will fall on residents in D1, D2, and D5, who will have less access to free housing legal services and greater risk of homelessness. I respectfully ask you to restore the 40% cut and commit to stable, countywide TLS funding. It's humane, cost\_effective, and essential to keeping families housed. Thank you.

Hello Board of Supervisors.

My name is A, and I am a resident of District 3, and a part of the Community Budget Alliance. Militaristic kidnappings are terrorizing communities across San Diego. Sufficient funding for the ILDP is vital to ensure immigrants have some protection in this unjust system. Without immigrants, who is building our infrastructure and driving the economy? It's the strength of labor and diversity of businesses owned and run by immigrants that make our country great.

I have a family member who has a green card interview, but she is afraid to go because of the threat of ICE detention. She entered the country legally as a student and is married to a U.S. citizen, but even so, her lawyers have advised her not to go to her appointment, out of fear that ICE will detain her illegally. She is not reliant on state support for her basic needs, and her husband is an established business owner who sponsors her.

We urge you to include at least \$7 million in ILDP funding.

**Abigail Donovan**

On behalf of WILDCOAST, we urge the County to prioritize sustained funding and decisive action to address the ongoing TJ River sewage crisis. This is both a public health emergency and a critical conservation issue affecting one of Southern California's most ecologically significant coastal landscapes. Chronic sewage flows and air pollution continue to degrade sensitive habitats in the Tijuana River Valley, threaten wildlife and biodiversity, and disproportionately impact nearby communities. We strongly support efforts to fix known sewage hotspots, expand air purifier programs for affected residents, and invest in long-term, science-based infrastructure and watershed solutions. Protecting the TJRV requires coordinated action that recognizes the interconnected health of people, ecosystems, and coastal waters. We urge the Board to ensure this year's budget reflects the urgency and scale of this crisis and supports durable solutions that safeguard public health and ecosystems. Thank you!

Please continue to fund LGBTQ-affirming housing services for San Diego County. Many members of our community depend on these services to keep a roof over their heads at a price they can afford. Growing numbers of this cohort are seniors on fixed incomes and need to budget carefully in order to have housing and still be able to put food on the table and otherwise have a life.

**Abigail Fortoso**

Location: 92116, San Diego

I join in urging the San Diego County Board of Supervisors to:

1. Allocate \$7 million for the Immigrant Legal Defense Program in this year's county budget;
2. Maintain the ILDP as a universal and merits-blind legal representation program;
3. Prioritize funding for critical safety-net programs to offset federal cuts and protect residents' basic needs;
4. Establish an emergency relief fund immediately for workers and local businesses struggling to survive the devastating impact of federal cuts and policies to ensure our local economy stays resilient;
5. Expand the workplace justice fund and hire additional investigators in the Office of Labor Standards and Enforcement to make sure every worker in San Diego County is paid what they deserve.

We strongly support funding for critical county programs that are facing cuts and growing demand — including health care, housing, nutrition and other essential services our communities rely on. One of our top priorities is strong funding for the Immigrant Legal Defense Program (ILDP). I urge the board of supervisors to allocate \$7 million for ILDP and maintain it as a universal, merits-blind program so all immigrants in detention have access to due process and legal representation. I also ask you to continue investing in safety-net services that keep families stable. Thank you.

Please continue to fully support and expand funding for Immigrant Legal Defense Funds. These investments are essential to ensuring our communities have meaningful access to due process as guaranteed by the Constitution. Legal representation is often the difference between family unity and permanent separation, safety and harm. At a moment when immigrant communities are facing unprecedented threats, we must be clear about our values: protection, fairness, and justice. I urge you to invest the full \$7 million in Immigrant Legal Defense Funds to strengthen community-based legal services and safeguard the rights of our neighbors.

Please fund \$3.3M in Trail Restoration for the Dictionary Hill OpenSpace Preserve in order to protect this valuable flora and fauna habitat in San Diego County for future generations. There is significant erosion taking place that can be mitigated by trail restoration and elimination of all vehicle's motorized as well as non-motorized bikes. This space provides much needed-on foot recreation and can be further developed into and outdoor classroom using permanent signage with QR Codes for additional educational and safety information at the summit.

During these terrifying times where ICE is ignoring constitutional rights and kidnapping innocent people without cause, it is especially important to support legal defense services. It is crucial that we continue to fund the Immigrant Legal Defense Program (ILDP) at \$7M and maintain it as a universal, merits-blind program so all immigrants in detention have access to due process and legal representation. We must also protect key safety-net programs such as housing, education and mental health funding - these all fundamental to our city residents and our communities. Inflation is high, grocery, healthcare and insurance costs are up while large corporations have made historical volumes of layoffs. We must understand the dynamics on our community and fund these programs accordingly.

**Paimon Ameli**

This is the time to step up and invest in the overall health of our community. This includes the immigrant legal defense program (ILDP). This is critical now more than ever before. Every person deserves legal representation when facing deportation, especially as this administration is determined to create fear, chaos, and instability with their overly aggressive and dangerous tactics. Local leadership has the moral obligation to address the gaps that our federal government is refusing to fill. With funding of the ILDP, everyone receives due process and gets a fair fighting chance as data shows legal representation increases successful outcomes for immigrants by more than five times in comparison to no legal representation. Please prioritize funding for ILDP and for safety net programs that protect all of our community members, especially the most vulnerable. We must stand united and care for each other in these difficult times. We are watching you and asking for your leadership.

Submitted At: 9:59am 01-27-26

Please increase the ILDP budget to \$7M, with the current detention numbers the budget of \$5M will run out in approximately 6 months leaving vulnerable immigrants without any access to legal representation.

Use your power of the purse to limit the Sheriff's budget in order to ensure Sheriff Martinez is not using county resources/funding/staffing for ICE enforcement. Martinez is actively violating county policy and state law in colluding with ICE by handing over people without having a judicial warrant. CA AG Rob Bonta re-affirms law enforcement must follow local policies to be in compliance with SB 54 (the CA Values Act).

The Department of Parks and Recreation is a cornerstone of community well-being in San Diego County. Our parks, trails, and community centers are not just amenities - they are essential public resources that promote health, safety, and quality of life for all residents. DPR provides clean, safe, and well-maintained spaces where families gather, children play, and individuals of all ages engage in recreation, education, and cultural enrichment. Cutting DPR's budget would jeopardize critical services, including trail maintenance, community programming, and facility operations, which directly impact public health, environmental stewardship, and social equity. They

also serve as hubs for community engagement and emergency response during disasters. We urge the Board to ensure that DPR's budget remains intact and that park operations are fully funded. Investing in parks is investing in the future of San Diego County.

Fully fund the ILDP - keep it merit-blind so everyone can access it. If we claim to be a society that is based on laws and order, then we need to make sure that all immigrants in detention have access to legal representation and are given due process. I also think it's important that as we fully fund this program, we also and protect the parts of our budget that impact important programs that maintain the safety net around healthy, housing, and food in our communities.

As a physician at a community health clinic, the vast majority of my patients are immigrants. Over the last year, I have watched how their lives have been impacted by our current immigration policies and fear of ICE. I have seen them avoid going grocery shopping and doctor's visits to avoid getting picked up by ICE. I've seen parents mourn when their children are detained and deported. I've seen families impacted not only emotionally but economically when their family members are no longer able to provide for them when they've been detained. My patients now more than ever need resources that they can go to to support themselves and their family members. I strongly

support the funding of the Immigrant Legal Defense Program (ILDP) at \$7M and maintain it as a universal, merits-blind program so all immigrants in detention have access to due process and legal representation. Please protect key safety-net programs such as housing, education and mental health funding.

I urge the supervisors to allocate 7 million dollars supporting funding for Immigrant Legal Defense Program

**Lianna Gliksman**

Location: 92108, Sd  
Submitted At: 7:54pm 01-26-26

I think it's incredibly important that the county steps in to give people faith in government and ameliorate some of the problems being caused by the federal government by investing in local safety-net programs, including housing, nutrition, and other essential services our communities rely on and allocating \$7M for the ILDP. I also think it's crucial that the county invests \$3M in creating an eviction diversion program and restores the tenant legal services contract which provides resources to help keep people housed. As a mental health therapist who works with marginalized populations, I've seen firsthand how the threat of losing housing without resources to help hurts people's mental health, their faith in their governments, and their ability to function in other areas of their life. Especially given the current housing climate in SD, I think it's crucial that the county does everything in their power to keep people feeling secure in their homes and their communities.

**Amy Verdonik**

Location: 92115, San Diego  
Submitted At: 7:46pm 01-26-26

A people's budget ensures everyone has what they need to thrive. This means for everyone. Right now, we are living through a time of crisis. Our county must step up. That means making urgent, people-first investments.

I strongly support funding for critical county programs that are facing cuts and growing demand including health care, housing and nutrition services our communities rely on.

One of our top priorities must be strong support for the Immigrant Legal Defense Program.

**Kristen Eckert**

Location: 92109, San Diego

I lived in San Diego for 45 years, from 1950 to 1995. My last 2 or 3 years there were spent working on setting up the MSCP. I was the Sierra Club's Land Use Committee chair. I drove all over the county, visiting with council members of the various cities, gathering input to form the plan and garner support for its adoption. Please restore the MSCP land acquisition funds for the Department of Parks and Recreation to enable the MSCP to continue being a vital support for San Diego County's future.

**Elisabeth Jacobsen**

Location: 92036, Julian  
Submitted At: 6:26pm 01-26-26

Please fund Saturday hours for the Julian library (or adjust the schedule to have Saturday hours). Historically, the Julian library, like most others in San Diego county has been open on Saturday or Sunday to give full access to the community members (for those who work 9-5 hours, Saturday hours are important). The encouragement to simply drive to another library (a one hour round trip commute) seems unfounded and unrealistic (suggestion from Miyu Oda-DesHotels, MPA, Constituent Services Manager). The other suggestion to visit a library kiosk is unreasonable as those services are at least an hour drive from Julian. Many community members desire weekend hours so that they have access to this wonderful, publicly funded resource. We love our library and would love to be able to visit it!

Dictionary Hill continues to need some trail work. Though due to the sensitive habitat on Dictionary Hill I do not like further trail cutting however yesterday a fellow hiker fell into me and we hit heads. Both of us 80 years old. We were hiking on the fairly new trail that swings around to the north side where the abundance of flowers are. The trail is fairly level until that spot where there is a steep dip. I wear hiking shoes so I had no problem but I did not realize he did not. At that spot he refused help but then came falling down towards me where we hit heads. Maybe some guardrails there? Plus I have recently learned there is a couple walking through the brush to get to the trails because there are no close trails near their their houses. They maybe walking in sensitive habitat. I agree: I support the Multiple Species Conservation Program (MSCP) For the Department of Parks and Recreation, please restore MSCP land acquisition funds and maintain operations funds.

**Felix Felix**

Dear Chair Lawson-Remer and Board Members, I respectfully request that the Department of Parks and Rec. receive adequate funding for the Sweetwater Community Planning Group's Trails and Pathways Plan for the PLDO Project Priority List and Recreation Programming Priority List. The items should include the following: 1. Upgrade and harden Trail #61 to ensure that it does not wash out during the rainy season. 2. Upgrade and harden Trail #106 to avoid erosion and submersion from swamp waters. 3. Completion of Trail #45. In addition, we need to add trash cans, recycling bins and park benches every 1/4 to 1/2 miles to our trails. Lastly, we need to convert our abandoned animal shelter into a Recreation Center with Trail Use, fitness and afterschool programs. Trail Use programs with guided tours will encourage hikers (young and old) to better utilize our trails. It is important to preserve and protect these trails to memorialize the heritage of our community. Thank You, Felix M. Felix

I am writing to express strong support for the Heritage Park Building Renovations project. Heritage Park is a cornerstone of San Diego's history, and the planned interior renovations are critical to preserving the integrity of these historic structures. Investing in this project aligns with the County priorities around equity, historical preservation, and quality of life. It also creates opportunities for tourism, education, and economic development while honoring the legacy of our region. I respectfully urge the Board to consider allocating additional resources to this project.

**David R**

Location: 92064, Poway  
Submitted At: 10:18am 01-26-26

The Department of Parks and Recreation is a cornerstone of community well-being in San Diego County. Our parks, trails, and community centers are not just amenities - they are essential public resources that promote health, safety, and quality of life for all residents. DPR provides clean, safe, and well-maintained spaces where families gather, children play, and individuals of all ages engage in recreation, education, and cultural enrichment.

Cutting DPR's budget would jeopardize critical services, including trail maintenance, community programming, and facility operations, which directly impact public health, environmental stewardship, and social equity. They also serve as hubs for community engagement and emergency response during disasters.

We urge the Board to ensure that DPR's budget remains intact and that park operations are fully funded. Investing in parks is investing in the future of San Diego County.

Please consider addressing the clearing of brush in our county and city "finger canyons". Many of our communities are now classified "brush zones" because they border "finger canyons". Fire casualty insurance is exorbitantly expensive and hard to obtain because of these canyons. Yet the city does not clear the brush from these "open spaces". Homeowners' associations are "required" to conduct brush abatement each year on their property and they comply. We are in jeopardy and many homeowners are unable to secure their homes due to the California insurance crisis related.

As a person who works in San Diego County, I very much support the Multiple Species Conservation Program (MSCP). However, the MSCP cannot operate without adequate funding.

The Department of Parks and Recreation needs MSCP funding to purchase lands to support at risk wildlife as well as maintain operations. Please restore funding in the San Diego annual budget to the MSCP. Restored funding will make the county much more livable and beautiful.

OPPOSE new and unnecessary taxes that raise housing costs, hurt workers, and make it harder for small businesses to survive.

NO to 1/2 cent county wide sales tax

NO to one time transfer fee on top of 17% real estate transactions

NO imposition of new payroll tax on employers and workers

NO Vacation home/ Short term rental tax

I strongly support funding for critical county programs that are facing cuts and growing demand — including health care, housing, nutrition and other essential services our communities rely on. One of our top priorities is strong funding for the Immigrant Legal Defense Program (ILDP).

I urge the board of supervisors to allocate \$7 million for ILDP and maintain it as a universal, merits-blind program so all immigrants in detention have access to due process and legal representation. I also ask you to continue investing in safety-net services that keep families stable.

This matters to me because if we need to maintain basic human rights for all. Everyone deserves due process, and research proves that safety nets reduce crime in our communities.

Thank you.

Priorities (I second Mr. Henkin)

Police, Fire, Ambulance, Emergency Construction (for floods, storms, etc.) and other Emergency Services.

Housing – quick housing like 3D printed homes, ‘tiny’ homes, shipping crate homes, even adobe homes, which also can be built quickly to keep up with housing need and not result in an oversupply of expensive housing. And keep those contingency fees low. Also, more housing for the truly low income (30% AMI per HUD.)

Housing Vouchers (replacement for Fed and perhaps State programs.)

Child treatment and welfare – no more kidnapping or abuse in the guise of protective or adoption services.

Support local small business!

OPPOSE new and unnecessary taxes that raise housing costs, hurt workers, and make it harder for small businesses to survive.

NO to 1/2 cent county wide sales tax

Hello, Please support funding of land acquisition programs for conservation as guided by the MSCP. As you are well aware housing prices are high, which entices builders to build on, and land owners to sell, sensitive habitat for development. Many owners may want the option to sell for conservation. Also, there must be an on going effort to balance out the continued habitat losses with strategic conservation. Of course this necessitates adequate funding. Please do your best to fund and implement the MSCP. Preserved natural spaces are just as important as park lands, which also cost to build and maintain, but do not support wildlife. Please put your money into natural open spaces!

I support the Multiple Species Conservation Program (MSCP), which is proactive and vital to our region, economically, ecologically, and recreationally. The MSCP averts state and federal Endangered Species listings and supports Climate Resiliency as well. For the Department of Parks and Recreation, please restore MSCP land acquisition funds and maintain operations funds. Keep up the great work MSCP team (Jennifer, Bethany, and all) and Thank You!

Support funding to meet County commitment to develop housing in appropriate areas by continuing to preserve swaths of land that are home to endangered species.

Fund MSCP acquisition to help those who need housing, species that need to be protected and a populace who need places for passive recreation (hiking, picnicking, wildlife appreciation.)

The multiple species plans now in place have been of benefit to the people of San Diego (and all Southern California) through their preservation of open spaces and wild-land habitats. The continuing support by the County is necessary if these benefits are to be maintained, and ideally, increased in the coming years. Although not a resident, I will be visiting several of the County's preserved lands this year, explicitly to see how the County in its wisdom has invested in wild spaces.

I support the Multiple Species Conservation Program (MSCP), which is vital to our region, economically and recreationally. For the Department of Parks and Recreation, please restore MSCP land acquisition funds and maintain operations funds. With all the increases in taxes and parking expenses in San Diego, why are you defunding your obligations to the endangered species act by not fully funding your MSCP actions?

Here is a WILD idea. If they county was to support ICE and end its crazy sanctuary policies that are only making our streets more unsafe. We just learned about a shooting in Compton involving an Illegal alien from El Salvado that was found to be involved in a human trafficking organization, these are the types of people Democrats are supporting, and because of it, we are losing funding. The answer to our financial issues is so simple, support the president and his policies and help us remove these dangerous criminals.
