To: San Diego County Supervisors

I want to register that I am opposed to extending Supervisor term limits.

The San Diego County voters previously voted to have two terms as the limits for the San Diego County Board supervisors. Listen to the voters.

Best regards,

Douglas Evans

Hello

We would like to support the current law which limits Supervisors to two terms in office.

We see no reason for this to change.

Thank you.

i oppose this term extension. The public votes for term limits for a reason, to stop politicians from making a career of what is intended to be public service, not a life style. You, County Supervisors, are responsible to the voters. Vote No on the extension of your term.

The limit set for our County Supervisors we voted for 2-Term is the law. We adamantly OPPOSE extending Supervisor term limits to 3. This is a hard NO, You cannot make self-serving measures of what we voted for your own reasons for your own gain and frankly the board is not trustworthy with actions like this. 2 Terms are quite sufficient because of this mistrust we want and need to change leadership power over the people.

I am adamantly opposed to the Board of Supervisors trying to change their own limits in office. This is unfair to the voters and taxpayers. The 2 term limit has worked well for San Diego and should remain unchanged.

I oppose the current proposal to set a 3 term limit for San Diego County Supervisors. It is self serving if it applies to the incumbents. If it is good for the citizens, then the proposal should take effect only after the expiration of the current supervisors 2 term limit.

Subject: [External] NO on Increased Term Limits
Date: Monday, June 22, 2026 1:11:51 PM

To Our County Leaders,

I strongly oppose any effort to increase Supervisor term limits without voter approval.

- San Diego voters already set a **two-term limit** - this decision should be respected.
- Changing term limits without a public vote **undermines trust and transparency**.
- Term limits are critical for **accountability, fresh perspectives, and preventing consolidation of power**.
- Extending tenure, especially amid ongoing county challenges, **prioritizes officials over residents**.
- Any proposed change should be **put directly on the ballot** and decided by voters.

Honor the will of the people and reject any attempt to alter term limits without public input.

Sincerely,
Liz Ingle

Dear Board of Supervisors,

I am writing to strongly oppose any changes to our county's current two-term limit.

Our community already voted for this two-term limit. It is the law. Our elected officials must respect the will of the voters. They should not try to extend their own time in office.

The Board takes its final vote this Thursday, June 25th. I urge you to vote NO on placing this term limit extension on the ballot. Please respect the rules we already put in place.

Thank you for your time and for listening to your constituents.

Sincerely,

We voted for two terms for Supervisors. Now several supervisors are trying to extend this voter approved term limits to three terms. It is hard for me to believe that they somehow could even justify this action. The voters have already said no to this. Do not run this back up the flagpole.

The current state of government in both CA and the country sucks and keeping people in office to continue fraud and failing is not what the people want. No public elected official in any capacity should be allowed to extend their terms. This is a right of the public to decide.

I hope that San Diego will do what is right for its citizens on June 25.

Hello,

My name is Hawkins Sellier. I am an Escondido native and a concerned citizen who recently found out about the proposed expansion to county supervisor term limits. I believe that this is a terrible idea. Incumbents generally win their own elections and with term limits extended we drastically limit the opportunity for new elected officials with their own ideas and agendas to enter office. It is a move in opposition to, not in accordance with a healthy democracy and unfortunately mirrors the self interested centralization of power we have seen at the federal level in recent years. Don't do this.

Hawkins
