What you call 'failure' and 'underinvestment' is prudent and responsible fiduciary and financial planning—saving money for a real emergency.

The revisions you sought and continue to seek are not intended to address any such emergency, but rather to allow board members to continue rewarding their public employee union donors with bonuses, salary increases, and additional positions. At no point was any part of the discussion about controlling spend to adjust for changing conditions; instead, it focused on how to maintain existing spend levels and, in fact, expand them. This growth in public employee union spending carries a burden far beyond the present, as it burdens the county with long-term increased pension spending that will only grow in both its percentage and dollar amount of the county budget. For the board to have this discussion about "Fiscal Sustainability" without including a thorough review of what is unnecessary and must be reduced or eliminated is farcical.

I'm heartbroken by the trials that the immigrant members of my church or suffering and the terrors that their children experience whenever they leave their home. and all of us suffer from increasing rents and lack of affordable housing. please create a fiscal sustainability plan that is responsive to the needs of the most needy, and all of us.

Ian Seruelo

Location: 92124, San Diego

Submitted At: 12:10pm 09-30-25

I support this initiative. Efforts to shield our residents from the harm of fiscal disruptions are welcome, especially in light of the Federal cuts and racist policies of the Trump administration.

Joanne Standlee

Location: 92037, La Jolla
Submitted At: 11:08am 09-30-25

As the founder and CEO of Housing 4 the Homeless, I work directly with some of the most vulnerable members of our community—medically fragile older adults and single mothers with young children who are unhoused. These individuals are already facing significant challenges in their daily lives, struggling to survive on the current levels of Medi-Cal and CalFresh supplements.

Any reduction in these benefits would have catastrophic consequences, not only for these individuals personally but also for our community as a whole.

We must prepare for fiscal disruption by creating an Ad Hoc Sustainable Fiscal Planning Committee. This committee will be tasked with planning how to navigate anticipated federal funding reductions and managing increased administrative expenses that are designed to penalize recipients.

We must develop strategies in advance—rather than waiting for disaster to strike and then scrambling to mitigate the harm.

I am an elder/caregiver of a disabled son. I have experienced housing instability for the last 13 years since i lost my home while my son was on Hospice. Now I have a small farm and I cannot live on as the county is always on my back for things I cannot financially comply with. I want the county to change its rules so I can live on my land in a trailer and take care of the pollinators and grow food for my family and community, and one day create a place for my family to live in peace. The county does not allow me to live in peace on my own land, that is not logical.

Steve dilley

Submitted At: 10:10am 09-30-25

Dear San Diego County Supervisors.

On behalf of our regions Veterans and active duty personnel I am writing to express strong support to establish an AdHoc subcommittee on sustainable fiscal planning. PREPARING FOR FISCAL DISRUPTION THROUGH AN AD HOC SUSTAINABLE FISCAL PLANNING SUBCOMMITTEE (DISTRICTS: ALL)

These federal cuts to food services will be extremely disruptive to our Veteran and active duty populations here in San Diego County. We need to offset these funding cuts to help our Veterans and active duty personnel and neighbors.

Thank You
Steve Dilley

KUNI STEARNS

Location: 92105
Submitted At: 8:02am 09-30-25

Dear Supervisors

On behalf of fellow San Diegans, am writing to express strong support for the proposal to establish an AdHoc Subcommittee on Sustainable Fiscal Planning

San Diego County is facing serious fiscal uncertainty due to unprecedented state and federal disinvestment in essential programs. Cuts to Medicaid (MediCal in California) SNAP (CalFresh in California), housing, and other core services —alongside unfunded mandates and increased local burdens—risk destabilizing the safety net and undermining the County's ability to meet urgent community needs. As an entity committed to advocating for our unhoused neighbors as well as San Diegans experiencing housing precarity, we know firsthand how vital County services are to the well-being of residents, especially low-income communities, families, older adults, & people with disabilities. We are encouraged by proposal's focus on priority areas of healthcare access, housing, IHSS, child care, food assistance. Thank you. Kuni Stearns

I urge the Board of Supervisors to support Agenda Item 14 for sustainable fiscal planning for the people of San Diego.

Lucinda McCarthy

Location: 92104, SAN DIEGO

Submitted At: 10:57pm 09-29-25

I know too many people who are struggling to hold their financial house together from the devastating impact of the Big Ugly Bill. Please create a Fiscal Sustainability Roadmap so there is a long-term plan to support critical programs moving forward. Thank you.

Jay Bell

Location: 92024, Solana beach

Submitted At: 6:24pm 09-29-25

Economic self-sufficiency is imperative for the County of San Diego. We can no longer rely on Federal support to guarantee clean air and water, safe and healthy communities, and the protection of free expression.

The creation of a fiscal subcommittee of the San Diego Board of Supervisors will put our self-determination and financial future first and in the hands of our regional elected officials.

Preserving our future is of critical importance to the creative professionals in our County. Artists and arts organizations have already lost millions in Federal support, with no end in sight. The only way to safeguard freedom of expression and preserve our culture is for San Diegans to take charge and plan our financial future together.

Vote YES—to protect our health, our culture, and our constitutional rights.

Pamela Amundson

Location: 92103, San Diego

Submitted At: 4:37pm 09-29-25

I support the proposed plan to develop a fiscal roadmap & commitment to fund the following issues in our SD County: Preparing for Wildfires (and enforcing Cal Fire 'defensible spaces' in residential area, esp those in high-risk wildfire zones); Safe Neighborhoods; Tackling the Tijuana sewage crisis; Protecting Clean Water; Expanding affordable healthcare & Behavioral Health Access; Expanding building (truly affordable) housing production that includes not only accessibility for seniors and disabled (of all ages) & on-site handicap parking but also enough bedrooms in each unit to accommodate a caregiver. I see this plan as visionary as well as practical and much-needed and hope our County Board of Supervisors has the commitment to our citizenry to follow through. Thank you for all your efforts.

GN Smith

Submitted At: 4:28pm 09-29-25

Be honest and alert taxpayers this will be a “New Tax Strategy”.

Skip the ad hoc nonsense and directly ask the Departments and Offices to provide info and advice on relevant topics of concern, as per noted in this item letter.

There was no indication of cutting of waste, fraud and abuse when setting the approved budget.

The majority of the E-comments beg for more money and hope these supervisors will take care of them.

BTW: There is a poster regarding waste, fraud and theft on the office of the county “Office of Ethics and Compliance”. How busy is this office?

No to waiving of Board Policy A-87. Friends and vendors already identified?

If SNAP helped 400,000 participants incur \$1400 less in healthcare expenses then there is a savings of \$560,000,000 - where is this money?

Linda Weber

Location: 92106, San Deigo

I strongly support the establishment of a Fiscal Sustainability Committee.

Paula StiglerGranados

Location: 91978, SPRING VALLEY
Submitted At: 2:12pm 09-29-25

I support this effort for systematic assessment of fiscal impacts on population health. Federal funding reductions affect many social determinants of health, including food security and healthcare access. Research shows these factors influence chronic diseases, preventive care utilization, and health costs. Loss of assistance and coverage will affect disease management. From an environmental health perspective, timing is critical. The Tijuana River pollution crisis requires sustained public health infrastructure for environmental monitoring, exposure assessment, and clinical response. South Bay communities experience documented health impacts, including respiratory illness, gastrointestinal disease, and skin conditions. Maintaining capacity to address environmental health emergencies while preserving essential services requires advance planning rather than reactive decision-making. This subcommittee provides a framework to develop strategies informed by public health science.

Bea Alvarez

Location: 92061, Pauma Valley
Submitted At: 2:02pm 09-29-25

I fully support the establishment of a Fiscal Sustainability Committee. This is a proactive and responsible step to ensure our County remains resilient in the face of funding cuts and other uncertainties. By creating this committee, the Supervisors should:

- Safeguard critical community services from unpredictable state or federal cuts,
- Develop long-term strategies that strengthen our financial stability, and
- Provide transparency and invite public input into the County's fiscal decision-making.

A Fiscal Sustainability Committee will help protect the programs and services that residents depend on while fostering trust and accountability in how taxpayer dollars are managed.

On behalf of UWEAST, I am writing to express our strong support for this proposal. San Diego County is facing serious fiscal uncertainty due to unprecedented state and federal disinvestment in essential programs. Cuts to Medicaid, SNAP, housing, and other core services—alongside unfunded mandates and increased local burdens—risk destabilizing the safety net and undermining the County's ability to meet urgent community needs. As an organization committed to [briefly describe mission or focus—e.g., health equity, food security, environmental justice, etc.], we know firsthand how vital County services are to the well-being of residents, especially low-income communities, families, older adults, and people with disabilities. We are particularly encouraged by the proposal's focus on key priority areas, including healthcare access, behavioral health, in-home supportive services, childcare, food assistance, public safety, wildfire prevention, and environmental sustainability.

Mary Dawson

Location: 92026, Escondido
Submitted At: 1:05pm 09-29-25

Yes the Fiscal Sub-committees are needed.

Bruce Egnew

Location: 92009, 92009

Submitted At: 12:51pm 09-29-25

I do NOT support this effort UNLESS it makes proportionate cuts to administrative costs and waste starting with the County Supervisors' budgets and elimination of the discretionary funds supervisors can use for their pet constituents projects and organizations. County spending has got to get under control. Do NOT dig into the reserves that taxpayers have generously funded for years. Shift costs to cities and cut WAY back on funding for SanDag which is a useless duplication of services, most of it unrelated to everyday life in San Diego.

Barry FassHolmes

Location: 92108-1800, San Diego

Submitted At: 12:00pm 09-29-25

I strongly urge the Supervisors investigate realistic options for shielding essential services from federal cuts, pursue federal or philanthropic funding, and oppose across-the-board cuts in funding for those services.

Laura Aguilera

Location: 92026, Escondido

Submitted At: 9:47am 09-29-25

I'm an employee of the Escondido Union School District, this is so devastating the number of homeless families is increasing and affecting people's mental health. We need to act as soon as possible. What can a regular individual like me can help the best possible way?

Thomas Theisen

Location: 92101, San Diego

Submitted At: 8:58am 09-29-25

Hello Chair Lawson-Remer and Members of the Board,

My name is Tom Theisen, and I own property in the Gaslamp District in Downtown San Diego.

I'm writing today because I care deeply about housing and homelessness in Downtown San Diego and throughout the County. As the former president of RTFH, I've personally seen how hard it is for people to get the support they need, and it's only getting harder.

Federal and state funding cuts are already having a substantial impact. More people are falling through the cracks. We need to act now and start planning before things get worse.

I support the creation of a Sustainable Fiscal Planning Subcommittee because it ensures the County can:

- *Plan responsibly for future funding shortfalls,
- *Protect programs people rely on, and
- *Engage the community in solutions

Please vote YES on this proposal and help safeguard the future of our region.

Luellen Brock

Location: 92102, San Diego

Submitted At: 8:58am 09-29-25

I support.

Jennifer Pelling

I support item 14

Kimberlee McMillian

Location: 92018, Carlsbad
Submitted At: 2:16pm 09-28-25

I support the need for a Fiscal Sustainability Subcommittee to explore realistic options for preventing federal budget cuts, leveraging existing investments, and increasing progress already made. As a social worker and caregiver, it is important for San Diegans to understand that every body is impacted by the program cuts, delays, and burden on our healthcare system regardless of citizenship status, race, class, marital status, etc. Pointing the finger at one particular demographic group is useless and unmerited. Everyone is struggling.

Mary Lydon

Location: 92107
Submitted At: 2:04pm 09-28-25

Hello Chair Lawson-Remer and Members of the Board,

My name is Mary Lydon and I live in Ocean Beach.

I'm here today because I care deeply about housing, health care, food access, childcare. I've seen how hard it is for people to get the support they need, and it's only getting harder.

Federal and state funding cuts are already having an impact. People are falling through the cracks. We need to act now before things get worse.

I support the creation of a Sustainable Fiscal Planning Subcommittee because it ensures the County can:

- Plan responsibly for future funding shortfalls,
- Protect programs people rely on, and
- Engage the community in solutions

Our communities are strong because we plan ahead. Let's not wait until more people are in crisis to do something about it.

Please vote YES on this proposal and help safeguard the future of our region.

Thank you.

Melissa Peterman

Location: 91910-2401, CHULA VISTA
Submitted At: 1:55pm 09-28-25

I urge you to vote YES on Item 14.

The County is facing unprecedented fiscal uncertainty due to federal and state disinvestment in essential services, including housing, healthcare, food assistance, and child care. These aren't abstract budget line items; they're the foundation of safety and stability for thousands of San Diegans. We are already seeing the consequences across sectors: growing waitlists, longer food lines, rising housing instability, and overwhelmed service systems.

I work for a nonprofit and know firsthand how difficult it is to serve our community when the rules and the resources keep changing. I also know the County can't and shouldn't be expected to solve these challenges alone. That's why I support the formation of a dedicated subcommittee to explore sustainable, community-driven solutions that protect residents and safeguard vital programs.

Reserves matter. Fiscal responsibility matters. But so do people. And right now, San Diego needs both.

Thank you.

Keith Fink

Location: 92107, San Diego
Submitted At: 1:17pm 09-28-25

Please help the Board of Supervisors create a Fiscal Sustainability Roadmap.

Earl Kline

Location: 92122, San Diego
Submitted At: 10:47am 09-28-25

Any plan should exclude supporting illegal migrants.
They should be deported, not relying on taxpayers hard earned money.
Even legal migrants must have a sponsor that guarantees the migrant won't be supported by the government. We don't have enough money to support everyone who wants to come here.

A plan should not depend on new taxes.
San Diego has an extremely high cost of living and can't afford more.
Newsom wants a mileage tax. That will hurt the middle and lower class citizens the most.
The same would be true if a new County tax would be enacted.

Barbara Metz

Location: 92121-4125, San Diego
Submitted At: 9:23am 09-28-25

Please protect our health care and the work of our emergency responders from the present and future funding cuts from the Federal government by planning for sustainable long range fiscal planning.

Hayden Gore

Location: 92107, San Diego
Submitted At: 8:52am 09-28-25

I support the creation of a Fiscal Sustainability Committee so that the city develops a roadmap to make up for the devastating impacts of federal funding cuts on our city's essential services.

Adriana SantoTomas

Location: 92024, Encinitas

Submitted At: 8:22am 09-28-25

I support creating a sustainable funding plan to protect affordable housing, healthcare, reach climate goals, especially at TJ river, and help the less fortunate citizens in our community.

Virginie Raffray

Location: 92009, Carlsbad

Submitted At: 7:16am 09-28-25

I support your initiatives and dedications to keep providing for the less fortunate among us in spite of the deep cuts from the federal government and continuing efforts to clean the Tijuana river.

Bob Keiser

Location: 92116, San Diego

Submitted At: 10:08pm 09-27-25

I am a senior citizen and worry what the local and personal consequences of federal cuts might be. I ask the Board to study the consequences and how we might mitigate them.

Patty Damron

Location: 92107, San Diego

Submitted At: 12:20pm 09-27-25

I believe this Ad-Hoc committee will help the County in not only supporting the initiatives in the proposal, but in ensuring fiscal sustainability in the future.

Joseph Dionisio

Location: 92103
Submitted At: 12:20pm 09-27-25

I support the formation of a Fiscal Sustainability Subcommittee and the creation of a Fiscal Sustainability Roadmap.

James Stiven

Location: 92007, Cardiff By the Sea
Submitted At: 12:17pm 09-27-25

Please do this. Because of draconian federal budget cuts, the County must do comprehensive fiscal planning to sustain our quality of life and have resources to aid our less fortunate and underserved citizens.

Lydia TuckerClark

Location: 92027, Escondido
Submitted At: 12:06pm 09-27-25

I support planning fiscal consistency for both current and future. Actions for all contingencies should be planned instead of using knee-jerk reactions. Thank you for your work for the community!

Marsha Noble

Location: 92009, Carlsbad
Submitted At: 11:40am 09-27-25

Renewing the subsidies for the ACA is ESSENTIAL! While I'm in Medicare, my daughter, who lives in Carlsbad, and her 2 adult children, full-time college students will suffer. They all have chronic conditions that need ongoing treatments and surgery. She currently pays over \$1100.00 per month for all 3. Without the tax credit, it would be over \$2200 per month. Blue Shield of CA used to be a non-profit. Now it is a for-profit corporation with serious restrictions requiring prior authorizations...many of which are denied, only to be approved if a grievance is filed. Taking time and delaying care. Doctors are being harassed by companies requiring them to speak on the phone directly to gatekeeper doctors. A not-for-profit status could end all this.

Alan Miller

Location: 92003, Bonsall
Submitted At: 11:39am 09-27-25

I support the formation of the Fiscal Sustainability Subcommittee

Norma Hepler

Location: 92026, Escondido
Submitted At: 10:57am 09-27-25

I support the plan and creation of a fiscal Roadmap. Backed by healthcare leaders, firefighters, childcare, food insecurity, and housing advocate groups across San Diego, this committee will explore options to realistically:

Shield essential services from federal cuts.
Leverage local investments to unlock millions in federal or philanthropic dollars (as with Tijuana sewage).
Prevent reckless across-the-board cuts and protect the progress we've made.

Cathy Love

Location: 92009, Carlsbad

Given the current unreliability of federal funding, it is imperative that we seek local funding sources to continue to protect our environment, our neighborhoods, and our most vulnerable citizens

Enjoli Jackson

Location: 92024, Encinitas
Submitted At: 7:23am 09-27-25

It's impossible to agree with the entirety of the big beautiful bill but it's a start to cut the deficient. I appreciate and understand the concerns Ms Lawson-Remer about the letter she sent but many of the plans we have are failing the families in our communities. I'm in agreement with the cuts being suggested.

Audrey Ledesma

Location: 92115, San Diego
Submitted At: 6:12am 09-27-25

I strongly support a fiscal sustainability subcommittee to:
Shield essential services from federal cuts.
Leverage local investments to unlock millions in federal or philanthropic dollars (as with Tijuana sewage).
Prevent reckless across-the-board cuts and protect the progress we've made.
There must be safeguards against the damage being caused by this cruel and reckless regime of Trump..

Michael Willson

Nancy Behm

Location: 92115, San Diego
Submitted At: 10:50pm 09-26-25

I support the creation of a Fiscal Sustainability Subcommittee using expert assessment to determine the impact of federal, state, and county budget cuts, and how to best leverage the reserves to minimize harm to the most vulnerable in our community.

Yolanda Thomas

Location: 92037, La Jolla
Submitted At: 10:46pm 09-26-25

I know this is a waste of time because Supervisor Terra Lawson-Remer has already made the decision to establish a Sustainable Fiscal Planning Committee, but it will make me feel I am doing my civic duty by submitting my input. I do not believe that there is a fiscal way of covering a 300 million dollar loss to the county without going into the county reserves fund. Going into the reserve fund will lead to bankrupting the county. As a tax paying resident, I expect the Board members to handle the county funds in a conservative manner and not try to keep up every existing program the Federal government is dropping. You can rationalize any point of view but the bottom line is where is the money coming from and who is paying for the programs.

Jill Rappaport

Location: 92126, San Diego
Submitted At: 10:40pm 09-26-25

My husband and I live in Mira Mesa and fully support an ad hoc sustainable fiscal planning sub-committee for San Diego. Oct 1 is around our corner and the White House is planning more federal cuts if no budget is passed by our Congress.

Margaret Kerr

Location: 92127, San Diego
Submitted At: 10:12pm 09-26-25

Please prepare for this terrible disruption in funding for our projects that are so important to San Diegans and our region. There is so much anxiety everyday with news out of Washington - we're feeling pretty helpless and devastated. Anything that can be done to fight back needs to be done. Please. And, thank you!

Mary Webb

I support a Fiscal Sustainability Subcommittee to develop a Roadmap. Backing by healthcare leaders, firefighters, childcare, food insecurity, and housing advocate groups across San Diego, this committee will explore options to realistically. Priorities include:

- Shield essential services from federal cuts.
- Leverage local investments to unlock millions in federal or philanthropic dollars (as with Tijuana sewage).
- Prevent reckless across-the-board cuts and protect the progress we've made.

Finally,

- Cuts to wildfire preparedness and fire safety, leaves all of us at risk from devastating wildfires.

Martin Marcus

Location: 92120, San Diego
Submitted At: 9:42pm 09-26-25

I want to urge the Board to create a Fiscal Sustainability Roadmap. Trump's "Big Beautiful Bill" just passed in Congress, and the numbers are devastating: San Diego County stands to lose more than \$300 million every year in federal funding. That kind of hit requires a real plan, not wishful thinking. We've made too much progress to go backwards. Now we need a plan to protect it.

Vicki Soares

Location: 92124, San Diego

I support forming a Fiscal Sustainability Subcommittee backed by healthcare leaders, firefighters, childcare, food insecurity, and housing advocate groups across San Diego, to explore options to:

Shield essential services from federal cuts.
Leverage local investments to unlock federal or philanthropic dollars.
Prevent reckless across-the-board cuts.

Eleonor England

Location: 92122, San Diego
Submitted At: 4:36pm 09-26-25

If we aren't going to secede and keep our tax money local, another plan needs to be in place to make up the difference between what we need here in California and what we send to the IRS. As it is, California donates a tiny bit more money in federal taxes than we get back from the feds. But it's about even. Either don't send that money to the feds (problem solved) or we need to find another solution locally. We can't be LESS prepared for fires than we are at present. And other local services need to be accessed or created for the rest of our needs as a state.

Linda Lynn

Location: 92106, San Diego
Submitted At: 4:35pm 09-26-25

please create a fiscal responsibility committee

Janet Chrispeels

Location: 92037, La Jolla

Submitted At: 4:25pm 09-26-25

We have to have a plan and a flexible one, at that. It would be irresponsible not to. It's not only possible, it's
critical for our communities and frankly for your own reputations as stewards.

Margaret Schneider

Location: 92107, San Diego
Submitted At: 4:22pm 09-26-25

Create a Fiscal Sustainability Roadmap that works for all of us.

Steve Natoli

Location: 92128, San Diego
Submitted At: 4:21pm 09-26-25

Form the sustainability committee and prevent as many cuts to essential services as possible.

Yvonne Elkin

Location: 92126, San Diego
Submitted At: 4:12pm 09-26-25

I can see no downside to creating a Fiscal Sustainability Roadmap. Even if local governments had not had
hundreds of millions of federal dollars taken away from them, money does not grow on trees and there is always a

finite amount to spend on basic services provided by the county. I fully support studying and developing plans on how to effectively continue to fund the services we depend on the county to provide.

David Lakey

Location: 92007, Cardiff-by-the-Sea

Submitted At: 4:06pm 09-26-25

I believe the county already has a tremendous amount of money and asking for more is irresponsible. I suggest you look at retiree pension payments and headcount as a start, so that more money can be spent on programs. My #1 priority is the Tijuana Sewage debacle. Perhaps you can appeal to Gov. Newsom to cancel the central valley rail project and spend it on sewage management. Thank you. David Lakey Cardiff

Wesley Burt

Location: 92024, ENCINITAS

Submitted At: 10:31am 09-25-25

As the leader of a local non-profit organization committed to creating communities of health through fresh food by delivering fresh produce and nutrition education to San Diego families in under-resourced communities, we know firsthand how vital County services are to the well-being of residents, especially low-income communities, working families, older adults, veterans, and people with disabilities. These services cannot be left vulnerable to unpredictable decisions made in Washington or Sacramento. I believe the Sustainable Fiscal Planning Subcommittee offers a proactive, community-centered approach to addressing this challenge.
