

**COUNTY OF SAN DIEGO
BOARD OF SUPERVISORS
THURSDAY, JUNE 25, 2026**

MINUTE ORDER NO. 10

**SUBJECT: SECOND CONSIDERATION AND ADOPTION OF ORDINANCE:
MODERNIZING THE SAN DIEGO COUNTY CHARTER TO STRENGTHEN
TRANSPARENCY, ACCOUNTABILITY, AND INDEPENDENT OVERSIGHT
(DISTRICTS: ALL)**

OVERVIEW

On May 19, 2026 (24), the Board of Supervisors took action to further consider and adopt the Ordinance on June 25, 2026.

San Diego County has grown into one of the largest and most complex county governments in the nation, managing more than \$8.6 billion in annual public spending and delivering essential services to over 3.3 million residents. With that scale comes an even greater responsibility to ensure public dollars are used effectively and decisions reflect the needs of the people we serve. As the County has grown, public expectations for transparency, accountability, and independent oversight have grown as well, yet the County's governing framework has not kept pace with that reality.

For many years, community organizations, civic leaders, and residents across the region have consistently called for greater transparency, clearer performance reporting, and stronger independent oversight of County decision-making. Together, these concerns make it harder for the public to understand how decisions are made, whether programs are working, and how their tax dollars are being spent. These concerns point to a widening gap between the scale and complexity of County government today and the oversight systems designed to ensure accountability to the public.

Key decisions affecting County budgets, programs, and service delivery are often shaped through internal staff-level analysis, with limited independent capacity to verify assumptions, evaluate performance, or assess policy alternatives. This creates two related challenges: it makes it harder for the public to clearly understand how decisions are made and how public dollars are spent, and it limits the ability of the Board of Supervisors, acting on behalf of County residents, to provide informed, effective oversight of a large and permanent County bureaucracy.

This Charter modernization effort responds directly to those long-standing calls from residents and community stakeholders. Its purpose is to strengthen independent oversight, improve transparency and access to information, and clarify accountability so residents can have greater confidence that County government is working effectively, efficiently, and in the public interest.

On April 21, 2026 (Item 14), the Board adopted Resolution 26-024 entitled, "A Transparent, Accountable, Modern County Government," that proposed amendments to the County Charter. The Board also introduced an ordinance calling for a special election to submit the Charter amendment to the voters. During the meeting, the Charter reform proposal was amended to (1) give the Board the option to appoint the County Public Defender by ordinance, and (2) authorize County Counsel to make technical modifications to the measure or ballot question to conform to the California Elections Code, other law, or the Registrar of Voters.

On May 19, 2026 (Item 24), the Board amended the resolution to remove references to term limits for the Sheriff, District Attorney, Assessor Recorder County Clerk, and Treasurer Tax Collector. The Board adopted Resolution 26-051 entitled “A Transparent, Accountable, Modern County Government” that proposed amendments to the County Charter. The Board also introduced a revised ordinance calling for a special election to submit the Charter amendment to the voters.

Today’s action is the second reading of the ordinance, before being placed on the November 2026 ballot. Because these changes involve the County Charter, voters will have the final decision on how their government is structured and how accountability is strengthened.

Core Reform Priorities:

The proposed Charter updates establish core accountability tools designed to improve public understanding and strengthen effective oversight, including:

- **Independent Ethics Oversight** - Establishing independent ethics oversight applicable to elected County officials to ensure ethical standards are upheld through a transparent and impartial process that strengthens public trust in County leadership.
- **Independent Fiscal and Budget Analysis** - Providing the Board of Supervisors and the public with independent, nonpartisan analysis of County budgets, long-term fiscal impacts, and policy tradeoffs before major decisions are made so public dollars are protected and tradeoffs are clearly understood.
- **Independent Evaluation of County Programs and Services** - Creating independent capacity to assess program performance and outcomes, strengthening accountability for results and service delivery, and helping the County improve what works and fix what doesn’t.
- **Transparency in County Spending and Performance** - Expanding public access to clear, timely, and usable information about County spending, operations, and program performance so residents can more easily see how their government is performing.
- **Modernization and Clarification of Charter Provisions** - Updating outdated or unclear Charter language to improve clarity and legal durability and align with state law.
- **Accountability for Senior Appointed Leadership** - Creating and modernizing confirmation, removal, and accountability requirements for senior leadership roles to strengthen transparency and public confidence. Gives the Board the option to appoint the County Public Defender by ordinance.
- **Clear and Reasonable Term Limits** - Aligning term limits for County elected leadership with California’s 12-year legislative model by establishing a limit of three four-year terms for members of the Board of Supervisors. This approach balances the importance of ensuring competence, expertise, and stability of elected leadership, with the value of encouraging new ideas and safeguarding against entrenchment.

- **Cost-Neutral Implementation** - All reforms will be implemented with no additional cost to taxpayers. This measure relies on existing resources, modernizes outdated structures, and reduces inefficiency, duplication, and waste. Over time, stronger oversight and clearer accountability are expected to yield long-term savings by preventing fraud, improving program effectiveness, and ensuring public dollars are spent as intended.

These reforms are designed to give residents, taxpayers, and their elected representatives stronger tools to understand, evaluate, and oversee how County government operates. The package is structured to be implemented without additional cost to taxpayers.

RECOMMENDATION(S)

CHAIR TERRA LAWSON-REMER
