

**COUNTY OF SAN DIEGO
BOARD OF SUPERVISORS
TUESDAY, FEBRUARY 10, 2026**

MINUTE ORDER NO. 14

**SUBJECT: FIGHTING THE RISING COST OF LIVING BY OPPOSING NEW TAXES
(DISTRICTS: ALL)**

OVERVIEW

This item was continued from the January 28, 2026 General Legislative and Land Use Legislative Session.

San Diego County is one of the most desirable places to live in the country with its temperate weather, vibrant economy, and beautiful landscape. 3.3 million people are lucky to call San Diego County their home. However, many are being priced out by the high cost of living. Years of mismanagement by the State of California, coupled with structural economic issues like the housing shortage, are exacerbating the affordability crisis. Californians pay some of the highest taxes in the country: state income and payroll taxes, sales taxes, property taxes, gas taxes, school bonds, vehicle registration, and more. Working and middle-class families, young professionals, seniors, and small businesses are being crushed by the cost of living and tremendous taxes they pay.

The County of San Diego (County) has collected increasing, record amounts in property taxes year after year. This was reflected in the County's largest budget ever being adopted, totaling \$8.63 billion for Fiscal Year 2025-26 (FY). The County does not have a revenue problem, and residents already pay exorbitant taxes. The County should actively oppose new and unnecessary taxes.

The Documentary Transfer Tax (DTT), also known as the property transfer tax, is a tax on all real estate transactions. It applies a tax of \$0.55 per \$500 on the sale price of property under state law. This is typically a line item for real estate sales. For example, a property that sells for \$1 million would have a DTT of \$1,100. This default rate of \$0.55 is set by state law. It can be raised by a city or county through a ballot measure. Cities and counties that have raised this tax have seen disastrous effects on their real estate markets and local economies. Raising the DTT typically results in a sharp drop in real estate transactions, reduced development and construction, and below expected revenue from the tax. Proposals to raise the statewide default rate from \$0.55 to \$30.55 would result in a 5,455% increase of the DTT. If the tax rate was increased 5,455%, the \$1,100 one would pay on a \$1 million home would suddenly become \$61,100. This would dramatically increase the price of not just single-family homes, but office space, commercial space, and multi-family housing, which could have unintended consequences on our local economy.

A proposal has also been made to change state laws to allow individual counties to collect payroll taxes. Currently, counties cannot levy and collect payroll taxes. Payroll taxes are paid by the employee and employer to the state and federal governments. Payroll taxes are a massive overhead cost for businesses and raising these costs will make it harder for businesses not only to hire new employees, but also to retain their existing workforce. Larger businesses may reconsider operating in San Diego County, and small businesses will have harder time growing and staying afloat.

The County of San Diego should oppose new and unnecessary taxes. The County has a healthy revenue source that has continuously increased. Today's action directs the Chief Administrative Officer to add to the Legislative Program opposition to legislation that will increase the DTT and the ability for counties to levy and collect payroll taxes.

**RECOMMENDATION(S)
SUPERVISOR JIM DESMOND**

1. Direct the Chief Administrative Officer to include in the Board's Legislative Program opposition to legislation that will change state law that would increase the current Documentary Transfer Tax of fifty-five cents (\$0.55) for each five hundred dollars (\$500).
2. Direct the Chief Administrative Officer to include in the Board's Legislative Program opposition to legislation that will change state law to allow counties to levy and collect payroll taxes.

FISCAL IMPACT

There is no fiscal impact associated with this action. There will be no change in net General Fund cost and no additional staff years

BUSINESS IMPACT STATEMENT

N/A

ACTION 14.1:

A motion was made by Supervisor Desmond, seconded by Supervisor Anderson, for the Board of Supervisors to take action as recommended.

(A substitute motion was introduced.)

ACTION 14.2:

ON MOTION of Supervisor Lawson-Remer, seconded by Supervisor Montgomery Steppe, the Board of Supervisors took the following actions:

1. Directed the Chief Administrative Officer to add to the County's Legislative Program opposition to tax giveaways for the rich that shift costs onto low-income, working, and middle-class county residents.

2. Directed the Chief Administrative Officer to add to the County's Legislative Program to seek State authority to ask voters to support new taxes on Californians that have benefited the most from our economy: billionaires, global investors, out of state real estate speculators, large corporations, and others who have amassed a disproportionate share of wealth, with those taxes structured through progressive revenue strategies that level the playing field, so essential services like 9-1-1 emergency response, healthcare, and clean air and water are not cut.

AYES: Aguirre, Lawson-Remer, Montgomery Steppe

NOES: Anderson

ABSTAIN: Desmond
