Thank you, Supervisor Vargas, for keeping the issue of reproductive health a priority for our citizens. The creation of an Unit to support reproductive health and ensure justice and equity around this health care concern is essential. Access needs to be provided to all regardless of circumstances. Creating a group with the single focus of protecting this fundamental right keeps San Diego a safe place to live for all San Diegans. Your efforts are appreciated.

Kat Tessero

Thank you for bringing this forward and advocating for reproductive health, equity, and justice.

Laura Streichert

Location: 92130, San Diego
Submitted At: 10:28am 10-08-24

I strongly support the creation of this unit for reproductive healthcare in the County to better serve our communities. Reproductive health care including access to abortion care and contraception was enshrined in the California State Constitution in 2022, in response to the overturning of Roe v Wade by SCOTUS. Thank you Nora Vargas!

Thank you, Supervisor Vargas, for keeping the issue of reproductive health at the forefront of public policy. The creation of an entity to support reproductive health and ensure justice and equity around this health care concern is essential. Access needs to be provided to all regardless of circumstances. Creating a group with the single focus of protecting this fundamental right keeps San Diego a safe place to live for all San Diegans. Your efforts

are appreciated.

Health Center Partners of Southern California joins our members, San Ysidro Health and Planned Parenthood of the Pacific Southwest, to support this action. Reproductive health care is essential, and this unit would support the coordination and advocacy necessary to improve our region's access to care.

Matthew Hanson

Mothers don't need government to cover up the absolute miracle of life taking place in their wombs. Medical, Pharma, Biotech industry fund employee & public group think tank marketing. Many teens have abortions. Bring back jobs to USA, so that low-econ folks don't need so many abortions. All kinds of fringe racial and political supremacists exist, quasi-lone operators, locally, federally. Warn that sometimes fetuses are dismantled like pieces of chicken. Discourage young people from having sex.

Christopher Roberts

I strongly support the creation of this unit for reproductive healthcare in the County. This unit will help people connect with important healthcare resources, and will greatly benefit all parts of the county including underserved communities. Reproductive health care including access to abortion care and contraception was enshrined in the California State Constitution in 2022, in response to the overturning of Roe v Wade by SCOTUS. Thank you Nora Vargas!

This county should never be a syndicate to arrange for the deaths of unborn babies in their mother's womb. Nor should it ever be a facilitator for irreversible medical castration and barbaric surgical mutilation of genitalia a mental disorder. Abortion is the ultimate oppression of women and girls. Post Roe, California eliminates more preborn babies by chemical and surgical abortion than any other state. Nora, this county is not your Planned Parenthood. This is not governing but a dark agenda.
