RE: Agenda Item 12: Community Enhancement and Neighborhood Reinvestment Program
Grants and CEQA Exemption (District 4) – Recommendation 22

Dear Supervisor Fletcher,

On behalf of San Diego Humane Society, I am writing to express our support for allocation of \$10,000 from the Neighborhood Reinvestment Program budget to Nonprofit Solutions.

San Diego Humane Society has been serving San Diego County since 1880, and operates campuses in San Diego, El Cajon, Escondido, Oceanside and Ramona. We offer San Diegans a wide range of programs and services that strengthen the human-animal bond, prevent cruelty/neglect, provide medical care, educate the community on the humane treatment of animals and provide safety net services for all pet families needing assistance with keeping their pets

We understand that the challenge of serving our respective communities, as they face the impact of labor shortage, inflation, and economic uncertainty, has never been greater.

We know just how valuable the resources provided by Nonprofit Solutions can be and right now, our community needs them more than ever. As outlined in the University of San Diego's 2022 "Annual Report: State of Nonprofits and Philanthropy in San Diego," San Diego County nonprofits, including San Diego Humane Society, are well positioned to meet challenging community needs and advance the quality of life in our region; however, the sector's ability to realize its full potential is most immediately threatened by the impacts of inflation and competition for qualified workers.

Over the past few years, Nonprofit Solutions' has helped nonprofit employees to develop critical skills to be qualified in their roles, stay up-to-date on trends that affect the field, and advance their careers with valuable leadership training they can leverage for upward career mobility. In addition, Nonprofit Solutions remains a critical resource to those seeking the knowledge, skills, and funding needed to improve our community.
