DELIVER THE TIER D STUDY NOW!

TO: The San Diego County Board of Supervisors
FROM: County staff and supporters

Tier D has been a disaster for the retirement security of County employees and weakens the entire workforce. Every day, Tier D makes it harder to recruit and retain skilled workers, leading to overstretched employees and burnout.

During last year's bargaining, the County agreed to conduct a study evaluating the cost of placing all current Tier D employees, as well as new employees, into Tier C.

Nearly a year later, the County has not delivered the study as promised.

At the most recent SEIU 221/County of San Diego Retirement Committee meeting, the County provided no answers, no timeline, and no significant updates.

This is unacceptable.

We, the undersigned, demand that the County fulfill its promise and deliver the completed Tier D Study **by June 24.**

DELIVER THE TIER D STUDY NOW!

TO: The San Diego County Board of Supervisors
FROM: County workers and supporters

Tier D has been a disaster for the retirement security of County employees and weakens the entire workforce. Every day, Tier D makes it harder to recruit and retain skilled workers, leading to overstretched employees and burnout.

During last year's bargaining, after the County refused to take any action on Tier D, the Bargaining Team fought for and won a legally binding commitment from the County to conduct a study evaluating the cost of placing all current and new Tier D employees into Tier C.

Nearly a year later, the County has not delivered the study as promised.

At the most recent SEIU 221/County of San Diego Retirement Committee meeting, the County provided no answers, no timeline, and no updates.

This is unacceptable.

Statement of demand:

We, the undersigned, demand that the County fulfill its promise and deliver the completed Tier D Study and the Demographic Information **Request by June 24**, one year after the contract went into effect.
