Subject: [External] CONTINUATION OF STORM DRAIN EMERGENCY REPAIR (Please include with docs. for Land Use agenda #FL01)
Date: Thursday, September 19, 2024 8:10:17 PM

Hi Supervisors,

Good amount of progress seems to have been done since last meeting. After 8 months of work, is the project now complete?. However, having the status only as of 9/12 is not satisfactory.

Total construction cost: still \$6.25 mil – same as 9/11, and no new money is being requested. Completion by early October seems feasible. The project was 85% complete as of 9/12, 58% complete as of 8/19, added 27% in a month, so project might even be complete by now. Do you know?

At this time, I will support the continuation of this project.

Regards,

Paul Henkin
