Recommendation 2A, to reduce the speed limit on the Lawson Valley Road, is wrong. This is a long road without intersections and 35mph is too slow for those who need to get to get to work or somewhere fast. I would follow the San Diego Fire Authority representative who explained that they drive on similar roadways and a 40 MPH may be more appropriate.

2C looks a bit much. You should try a reduction to 45mph. Faster to work and for emergencies.

On 2F, there is a Montessori school at Ramona Street and Rowley Avenue. The Board Letter is wrong, and 50mph is not appropriate for a residential/school area. Warnock Drive and Dye Rd. also have houses on them. I would therefore recommend a 35 mph speed limit, especially near the school.

3A should be rejected. There is no reason listed for the speed reduction.

So items 2A, 2F, and 3A should be rejected. The other speed reductions and traffic Signals look OK.
