We are cut flower farmers in North San Diego County Farm Bureau and support the Board of Supervisors adoption of this resolution authorizing application for the Sustainable Agricultural Conservation Lands Program Planning Grant promoting agricultural sustainability. Farming profitably in San Diego County is getting more and more challenging every day. Grants like these effectively deployed are key to keeping this process moving forward and keeping agriculture viable in the county.

The San Diego County Farm Bureau supports the Board of Supervisors adoption of this resolution. We appreciate the Board of Supervisor's recognition of the challenges facing San Diego farmers every day; the rising

cost of water, increased regulations and labor shortages. We hope that this grant will help our farming community move towards economic stability for future generations of farmers.

Respectfully Submitted,
Mary Matava, President
San Diego County Farm Bureau

I am a 3rd generation farmer in the north county. I support the Board of Supervisors adoption of this resolution authorizing application for the Sustainable Agricultural Conservation Lands Program Planning Grant promoting agricultural sustainability. Farming is a difficult job and this grant from the supervisor's could be helpful for farming stability into the future.
