### **SUBJECT**

**SHERIFF – ADOPT AN ORDINANCE AMENDING ARTICLE III SECTION 66.1 OF THE SAN DIEGO COUNTY ADMINISTRATIVE CODE, RELATING TO THE SHERIFF’S OFFICE (05/05/2026 – first reading; 05/19/2026 – second reading unless ordinance is modified on second reading) (DISTRICTS: ALL)**

### **OVERVIEW**

Today’s item requests that the San Diego County Board of Supervisors (Board) review and approve the introduction of an ordinance relating to Administrative Code Article III, Section 66.1 General Rules, Sheriff’s Asset Forfeiture Program. The proposed revision is for the addition of the following: "as well as asset forfeiture shared funds from other law enforcement agencies." This mirrors the same language found in Sections 66.2 District Attorney Asset Forfeiture Program and 66.4 Chief Probation Officer Forfeiture Program. Asset forfeiture programs offer counties significant benefits by providing a mechanism to disrupt, dismantle, and deter criminal enterprises, particularly drug trafficking and white-collar crime, by seizing illicit proceeds and tools. These funds support law enforcement and public safety efforts by enabling the purchase of equipment and supporting training without increasing the need for general purpose revenue.

Today’s actions seek Board approval for the amendment to Administrative Code Article III, Section 66.1 General Rules – Sheriff’s Asset Forfeiture Program and approve the introduction of ordinance (first reading) to amend the Administrative Code with the corresponding change. If the Board takes action as recommended on May 5, 2026, then the ordinance will be scheduled for adoption on May 19, 2026.

**BACKGROUND**

The San Diego Sheriff's Office (Sheriff's Office), and other agencies in the region, play a critical frontline role in intercepting drugs and further preventing their distribution in the United States. Part of this effort includes multi-jurisdictional investigations to identify couriers, and transportation networks, ultimately resulting in drug, monetary and other assets being seized. These seizures prevent the spread of drugs in our communities and severely impede criminal organizations in continuing illegal enterprise.

There are strict laws governing the seizure of property by the U.S. Government and law enforcement in America. Asset forfeiture laws allow federal and state governments to seize property, cash, vehicles, and homes, that are connected to criminal activity. When cases where participation from the Sheriff's Office have occurred, and the investigation results in assets being

**SUBJECT:** SHERIFF – ADOPT AN ORDINANCE AMENDING ARTICLE III SECTION 66.1 OF THE SAN DIEGO COUNTY ADMINISTRATIVE CODE, RELATING TO THE SHERIFF’S OFFICE (05/05/2026 – first reading; 05/19/2026 – second reading unless ordinance is modified on second reading) (DISTRICTS: ALL)

seized as prescribed under the law, the investigating agency participates in sharing agreements that result in revenue returning to the Sheriff's Office. In these cases, it is necessary for a mechanism to be in place to receive the funds. This item aims to address the legal authority and mechanism to receive those funds.

The Sheriff's Office has identified the need to amend the County of San Diego (County) Administrative Code to mirror current County practices in place for the Sheriff's Office. The Sheriff's Office seeks to amend Administrative Code Article III Section 66.1 Sheriff's Asset Forfeiture Program. The proposed revision is within the Background section and is for the inclusion of the following, "..., as well as asset forfeiture funds from other law enforcement agencies." This will accomplish two things: 1) it will mirror the same language found in Sections 66.2 District Attorney Asset Forfeiture Program and 66.4 Chief Probation Officer Forfeiture Program, and 2) allow for the Sheriff's Office to receive funds from state, county, and city law enforcement agencies outside the state of California. Asset forfeiture programs offer counties significant benefits by providing a mechanism to disrupt, dismantle, and deter criminal enterprises, particularly drug trafficking and white-collar crime, by seizing illicit proceeds and tools. It supplements law enforcement capabilities and supports public safety efforts by enabling the purchase of equipment and supporting training without increasing the need for general purpose revenue.

Asset forfeiture funds by law can only be used for specific purposes. Those include, training equipment, and community benefit. The Sheriff's Office has prioritized any asset forfeiture monies to be used for unfunded needs such as helicopters, tasers, body-worn-cameras, training, gun safety events, and youth programs. For example, since 2021, the Sheriff's Office has utilized asset forfeiture to purchase the gift cards and lock boxes distributed at the Gun Safety Events hosted around San Diego County in partnership with the District Attorney's Office and community partners such as Project Childsafe and more recently, the San Diegans for Gun Violence Prevention. These Gun Safety Events hosted by the Sheriff's Office is a critical component of the County's Gun Violence Reduction Program. Expanding the current program to recognize asset forfeitures from other law enforcement agencies will enable the Sheriff's Office to receive additional funding.

Today's actions seek Board approval for the amendment to Administrative Code Article III, Section 66.1 General Rules – Sheriff's Asset Forfeiture Program and approve the introduction of ordinance (first reading) to amend the Administrative Code with the corresponding change. If the Board takes action as recommended on May 5, 2026, then the ordinance will be scheduled for adoption on May 19, 2026.

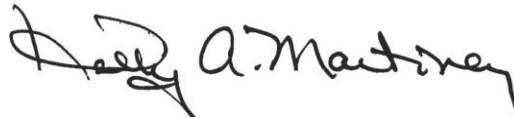

### **LINKAGE TO THE COUNTY OF SAN DIEGO STRATEGIC PLAN**
