---

Good Morning/Afternoon,

Thank you Supervisor Anderson for bringing this today.

I am support of this item because recently I have experienced difficulty in locating materials from a standing committee meeting that are supposed to be available to the public (that being the Flood Control Advisory Committee) that took place back on April 9th. I have emailed the contact requesting the materials and still have not heard back from anyone. Because it is something I am registered to speak on at tomorrow's meeting.

So, under the proposed policy –

Item B-4 speaks of all materials “shall be made available to the public online” Please make sure they are indeed available, easy to locate and easily accessible.

Item B-7 “Information concerning any consultant working with Ad Hoc subcommittee...” interested Stakeholder Groups, and Coalitions should be added to the language.

I am a believer in full Transparency. Please motion and second this item for a unanimous vote.

Thank you.
