Subject: [External] CALMATTERS: 6 takeaways: California's deadly failure on drunk driving
Date: Thursday, October 30, 2025 8:25:42 AM

Given that over 50% of crashes at roundabouts involved drunk drivers this should be considered a good thing as they are taken off the road. Roundabouts are the current best option to reduce the number of impaired and distracted drivers on our streets. We need more not less roundabouts.

6 takeaways: California's deadly failure on drunk driving

While DUI fatalities surge, a CalMatters investigation finds state leaders have shown little willingness to address the issue.

Subject: Protecting Families: Know Your Rights & Access to Food Assistance

Hi Neighbor,

Recent reports of immigration enforcement actions have left many in our community anxious and uncertain. I want to be absolutely clear: **every family deserves access to food, safety, and dignity-without fear.**

If you or someone you know receives **CalFresh (food assistance)** or other public benefits, know that these programs exist to help you and your family stay healthy and strong. Applying for or receiving CalFresh does not make you a target for immigration enforcement.

We stand with families across our community. No one should face hunger or fear when reaching out for help.

Senator Wahab supporting Tri-City Volunteers.

Know Your Rights

- You do not have to let officials in your home unless they present a warrant signed by a judge. An arrest warrant must name a person in your residence. A search warrant must include an address and areas to be searched within the residence. If they don't produce a warrant, keep the door closed and state "I do not consent to your entry."
- Do not sign any documents.
- You have the right to remain silent; if you do not have immigration documentation, ask to speak to an attorney.
- You do not have to answer questions about your birthplace.
- Do not falsify documents or lie about your citizenship status.

Subject: [External] Housing costs in San Diego County
Date: Tuesday, November 4, 2025 12:38:00 PM

2 separate but related issues, any restrictions on Foreign Corporation investment in property in San Diego County (particularly apartment buildings if that is happening, but also available development or redevelopment sites) and if possible, some kind of restrictions homes an individual can use for short term rentals(similar to City of San Diego regs) might make a dent in the cost of rentals or first homes in San Diego County.

I just listened to 11/4 meeting and an emergency measure to continue SNAP benefits was discussed but the cost of living was brought up- the cost of living does contribute to people applying for food assistance and of course housing assistance.
