Subject: Public Comment on 2022 Truth Act Community forum today

Dear Supervisors,

Please know that a vote to shield illegal immigrants who have committed a second crime (their first being illegally in this country) from deportation by failing to allow police and sheriffs to inform federal officials about the release of these criminals is a vote that you support criminals over victims, and let's face, most of those victims are from the same community as the perpetrators. Stand with victims and vote for the rule of law, allowing deportation of criminals.

I took the time to review the statistics that must be shared pursuant to SB54, and in 2021, it reflects there were 13 instances for crimes which included the following:
sell or transport of controlled substances
possession of methamphetamine

sale or transport of methamphetamine
dissuading, intimidating or tampering with a witness
injury a spouse, cohabitant or fellow parent
lewd acts on a child
burglary with intent to commit grand larceny
theft of agricultural products at over \$250
converts real estate of value less than \$250
buy/sell stolen property
resist executive officer from performing duties
drunk driving
felony reckless evading

Which one of these are you putting back on the streets to create more crime and havoc. With the hundreds of thousands of illegals in this City, can't we at least deport those who have shown a disregard for yet another law?

Today's UT has an op-ed from Marcia Chavez who states that this communication of information affects "thousands". If that is the case, either our local taxpayers are paying for the incarceration of people who didn't belong here to begin with, (and apparently the reporting under SB54 is suspicious as it only reflects 235 in the past 3 years of reporting), or this law only affects very few and it would be nice to have persons who took an oath to uphold the federal and state constitutions take a stand with law enforcement. If it is the latter, then officer of the court Marcia Chavez is lying to the public.

I would love to hear how many persons are affected by this communication as the supervisors address this issue, and to have a reference document to support the claims.

Thank you.

Sincerely

Deborah Cushman

Date: Tuesday, November 15, 2022 6:09:36 PM

I demand the Sheriff to STOP deporting our neighbors and separating families.

Individuals should not be transferred to ICE nor notifying ICE. Our county is considered a safe place for immigrants and the Sheriff working with ICE to deport our neighbors does not provide a sanctuary for people. Stop participating on joint task forces with DHS/ICE agencies as well as sharing information.

Thanks,
Diana Aguirre

Supervisors of SD County,
I'm writing to express my concern regarding the SDSD colluding with ICE.

Our neighbors deserve respect and fair treatment. The relationship between SDSD and ICE puts these rights in jeopardy.

SDSD continues to transfer individuals to ICE and notify ICE when individuals are being released from jail, leading to deportation and separation of families. ICE transfers and notifications result in immigrants being punished twice for the same crime, in some cases even when those individuals are legal permanent residents and have been long standing members of the community. Further, it creates a dual criminal justice system – one for U.S. citizens and one for immigrants. This is unfair and runs counter to the county's values on race and equity. Seven other counties across the state have recognized the injustice of ICE transfers and notifications, and have stopped this harmful practice.

I urge you to take action to protect our neighbors from these unfair practices now.

Sincerely,
Amy Davis

To the County Board of Supervisors,
In the name of truth, transparency and decency stop San Diego Sheriff's Department from turning people over to ICE and Border Patrol. They should not be separating families and dividing our community.

Please hear our concerns
