We the people, the residents of District 1, must vote and decide who's will fill that seat. It's a choice of the constituents. Next year will be a better time to do it. Due of the emergency and new administration. Give a chance to have more candidates and to see who will be the right one.

I expect as a San Diego taxpayer and constituent, that ALL of our Board of Supervisors will choose a special election for our next district 1 BOS member and NOT a selection for the next member. We are a Constitutional Republic given to us by God and NOT a democracy or a tyrannical government. Thank you!

We need a Special Election for District 1! We've been duped, lied to, and neglected for years. All of these people

throwing names in the hat isn't fair when the rules to run haven't been announced! New blood!

No thanks Chris Pearson that's not how a democracy works and why do you get to pick! Bowman is wrong to P Aguirre can't handle \$5k why would we let her balance the county budget! We need a fair election and I don't care the costs! Until this county wakes up from their woke status and sees paying for homeless isn't working look at LA Fires mostly homeless and the fire dept says it! This is total NGOs making money from their buddies in office! Pearson doesn't get to decide- that's hilarious.

The voters of District 1 will decide who fills the seat vacated by Vargas either in a Special Election this year or in the regularly scheduled Primary and General Election next year. \$5 million or more is a lot of money. \$5 million. If you appoint an interim Supervisor the voters still decide and we save \$5 million. It's a Dem safe seat. Dems will line up in the Primary and then face McCann in the general whether it's later this year or early next year. Appoint a moderate Dem like Ben Hueso and save \$5 million. Thank you.

The only way to be true to the people is to have a true election- we do not want the power to decide. No thank you! Vargas should pay for the election! She should reimburse donors and the taxpayers for her wasteful spending on security- this has become the laughing stock!

Residents of District 1 should have the choice to elect the next representative in this position. County supervisors, please call for a special election and allow the people of District 1 to make their choice.

The people need to elect the vacant seat. We can not have any appointed seats to destroy this already corrupt, city. Listen to the people!

The county owes its residents the right to vote for their next supervisor. Voting is a key tenant of our democracy and every voice deserves to be heard.

You should have a special election no appointment appointments are not democracy. That is now how things work that's called favoritism we pay our taxes and demand that you have a free election. Let the people speak on who they want because unfortunately, the people that are in office now the people do not want

Nora Vargas wasted too much taxpayers money she should pay back the donors, her bogus security, she neglected her constituents, and she should do it through restitution if nothing else! The only way is to have a fair election! No appointment from these board of supervisors who just all make money for hiring these bogus groups- none of you should be paid anything!

Please give the residents of District 1 the opportunity to choose our own representative to the Board of Supervisors and HOLD A SPECIAL ELECTION. An appointment, even on an interim basis, would disenfranchise 637,000 + residents and could influence the outcome of the special election. A special election is the only fair way to proceed. It is unfortunate that Supervisor Vargas didn't save the taxpayers money by not running in November, but that is sewage contaminated water under the bridge.
