I'm a parent of a trans child, and I was at the recent San Marcos School Board meeting. I saw fear in students' eyes as adults, fueled by lies, shouted them down. That fear started with Supervisor Jim Desmond.

His post misrepresented a simple resolution affirming that all students deserve safety. He turned it into a call to arms, inciting anger and division. That night, trans kids were forced to listen as people, emboldened by his words, questioned their right to exist.

This is reckless. This is dangerous. Trans youth already face higher risks of anxiety, depression, and suicide. Desmond's actions put kids in harm's way.

Leaders should protect the public, not stoke hatred. Desmond has shown he is unfit for office. He should resign—before his words lead to real violence.

Women's History Month. Pretending to care about women. Comical. Terra promotes the definition of women to

include men and diminishes women to the term of "birthing person", etc. Some on this board promote abortion at any time and invite girls/women to this county to kill their babies. Terra and Monica voted against protecting girls/women instead preferring they be left vulnerable to boys/men pretending-to-be-female in girls spaces; disregarding the mental and physical health of girls/women. They support medical castration and surgical mutilation of minor children in the name of trans - which includes double mastectomies of teen girls. They support the Super Sanctuary Policy which prioritizes convicted violent criminal illegal foreigners over the safety of girls and women. The obliteration of women leads to the downfall of society.
