Settle the pending case with Whitney Antrim instead of using taxpayer dollars to push a trial. Precedent demonstrates how this public defender office fails to properly investigate harassment and retaliation, follow the County of San Diego rules and the State of California Laws to protect workers. Many have left the office because of the culture of harassment, intimidation, and lack of professionalism. I settled my case for just under a million dollars in February 2023. Not much changed since.

I am writing because a dedicated public servant, Whitney Antrim, was forced out of the career she loved as a public defender when she chose to stand up for a colleague who experienced sexual harassment. The Public Defender's Office covered up the hostile work environment instead of protecting its employees, clearly shown by the \$2.6 million jury verdict in 2023 for a similar case. It's time to stop wasting taxpayer money, settle the case, and move forward with rebuilding the office.

Whitney Antrim was forced out of the career she loved as a public defender when she chose to stand up for a colleague who experienced sexual harassment. This is unacceptable. The Public Defender's Office covered up the hostile work environment instead of protecting its employees, clearly shown by the \$2.6 million jury verdict in 2023 for a similar case. It's time to stop wasting taxpayer money, settle the case, and move forward with rebuilding the office.

My name is Emerson Wheat. I'm writing in support of a dedicated public servant, Whitney Antrim, who was forced out of the career she loved as a public defender when she bravely stood up for colleague facing sexual harassment. The Public Defender's Office already cost taxpayers over \$3 million in the Zachary Davina and Michelle Reynoso cases for employment-related debacles. It's time to stop wasting taxpayer money, settle Ms. Antrim's case, and move forward with public accountability.

It's a shame Whitney Antrum was run out of the office for standing up for a colleague who was sexually harassed. Trying to bury this, along with a respected public servant's career, is unwise, unethical and uneconomical. We revere Ms. Antrum for her service as a school board trustee--she stepped up in a terribly fraught moment, putting her reputation and her personal safety on the line. Whitney is simply someone with a strong moral compass. I hope you'll do right by her at long last.

It is a shame that the Public Defender's office became so hostile that such an honorable, brilliant, and articulate public defender such as Whitney Antrim is no longer serving there. Whitney has proven her capabilities as a leader through multiple endeavors in the community and always fights for justice. I like what MaryLu wrote below, "Stop wasting taxpayer money by litigating the case and instead work to rebuild the office."
