This is a time extension for the Harmony Grove development, which is under a lawsuit, and you should wait to see if it is practical to proceed.

The developer wants to build a development that will add a huge amount of traffic to the already limited evacuation route, In fact, a Fire Chief testified here that he would not have approved the project.

Moreover, there are concerns over the environmental impact this huge project would have.

So until we know that we will not be wasting money on all these roads and drainage systems for a project that might not be done of may be scaled back DO NOT APPROVE THIS.
