Good morning Board members. I am attempting this morning to thank you for approving the general pay increase for county staff of 15% between 2025-2027, for county staff. And, I would also like to encourage you to approve a proposed bonus for workers, including those represented by SEIU & other Unions. At 67 years of age, with a work history of nearly 50 years as a journalist at 6 different newspapers across the US, and for the last 13 years as a Legal Support Assistant for CWS, HHSA, I particularly appreciate union representation, and your support of unions. That, and your history of raising workers pay, and bringing it into parity with similar workers statewide, makes it much easier to stay abreast of our constantly shifting economy. The proposed bonus for workers who have shown dedication to their work, also will help improve the lives of the general public. And, thanks too for the opportunity to address your board.

The Board needs to approve all these pay and similar adjustments at one time (unless there is an emergency on an individual basis,) not every time the wind changes direction.

Raises varying from 0 to over 100% are ridiculous and set the stage for internal fights and acrimony.
