**Subject:** Item # 10 in the Wed. Board of Supervisors Agenda Concerning County Withdrawal from Agency

Supervisor Cox,

My name is Jim Seley partner in Seley Ranches, Borrego Springs and we strongly request the Board of Supervisors remain involved in the Water Agency negotiations resulting from SGMA legislation. If the County is adamant in abandoning the farmers, we ask that at the very least the County remain active until we as a community are able to work out the Stipulated

Agreement that we have been working on for several months and is very close to completion. The County's involvement is critical.

Thank you

Jim Seley
