Holly,

Originally the Board letter was intended to amend a small part of the Amusement Establishment regulations which required alcohol sales to be in a separate area from amusement devices for certain types of State licensees. However, it's now a complete repeal of Amusement Establishment regulations, so that the County is no longer licensing them (leaving it entirely up to the State). That language is in section 2: "Chapter 9 (Amusement Devices and Establishments), of Title 2, Division 1 of the San Diego County Code of Regulatory Ordinances is hereby repealed." The green text was added to clarify that County is not the only regulating entity, and the State will still enforce its regulations as a State license is required to serve alcohol.

The strikethroughs show other sections that are only being amended (removal of "Amusement Devices" from sections 21.102, 21.1901, and 13.201).

Hi Mark,

I don't see anywhere in the attachments or summary for this Board letter where the issue of alcohol sales in amusement establishments is addressed. I think this is confusing - and when reading the Board letter it's also not direct in saying that the prohibition of alcohol sales is removed with this change to the ordinance. I've added the green highlighted text below and ask for your review.

Is there a reason we don't show the "strikethrough" of the text that will be eliminated re: alcohol sales (in the attachments)? Thanks. Holly

BACKGROUND

The COVID-19 pandemic provided an opportunity for the Board of Supervisors to reevaluate ordinances to consider how they might affect businesses. The proposed ordinance repeals Chapter 9 of Title 2, Division 1 of the San Diego County Code of Regulatory Ordinances (Amusement Devices and Establishments), and related sections. By repealing this provision, a license and accompanying fee would no longer be required to operate an amusement establishment as outlined in Sections 21.902 and 21.906.

The County ordinance defines an amusement establishment as a commercially operated establishment having five or more amusement devices. An amusement device is a machine, or apparatus, the operations or use of which is controlled, allowed or made possible by depositing or placing coin, plate, disk, slug, or key into a slot, crevice, or other opening by paying a fee for use as a game, contest, or amusement of any description, the use or possession of which is not prohibited by any law of the State of California. In addition, the County ordinance requires that amusement devices be located in an alcohol prohibited area for certain establishments. **A repeal of Chapter 9 of Title 2, Division 1 of the San Diego County Code of Regulatory Ordinances (Amusement Devices and Establishments), and related sections will remove that prohibition. However, in order to serve alcohol, such establishments would still need to obtain a State license, and violations such as sale of alcohol to minors or intoxicated persons would still be enforceable under State law.**
