RE: Item 6, Aug. 17, 2022, Application for Sustainable Agricultural Conservation Lands planning grant - Support

Dear Chairperson Fletcher and Members of the Board:

Endangered Habitats League supports moving forward on the grant application for studying how to increase the economic sustainability of agriculture in San Diego. From cost of water to encroaching development, San Diego's farmers face many challenges. We hope that this grant will help the industry economically and also lead to greater environmental sustainability.

Yours truly,

Dan Silver
